MEX GOVERNMENT HOLDS UP RELEASE OF U. S. AVIATORS

Carranza Will Make Complete Exemination of Men

NO REASON FOR ACTION GIVEN

LAREDO, Texas, Jan. 31.—Lieutenants E. F. Davis and G. E. Grimes, United States army aviators, who made a forced landing near Guerrero, Mexico, Wednesday because of an exhausted supply of gasoline, tonight are on their way to Monterey, Mexico, under military escort. They are due to reach Nuevo Laredo, opposite this city about midnight and tomorrow morning will take train for Monterey, where they are to be examined by Mexican military authorities "as to their reasons for landing on Mexican soil.'

Disruption of plans for the return of Lieutenants Grimes and Davis to American soil came suddenly late today in instructions from Gov. Gonzeales of the state of Nuevo Leon, ordering their removal from jurisdiction of local civil authorities, who had prepared to permit the aviators to return to the United States. The governor instructed that the aviators be brought to Monterey immediately "for examination."

Escorted By Carranza Officers

Randolph Robertson, American consul of Neuvo Laredo, who sent word of Gonzalez' action said he was accompanying the fliers to Nuevo Lardeo. The party is traveling tonight by automobile on the Mexican side of the border under escort of a number of Carranza officers, he said. Consul Robertson, who went to Guerrero Thursday to aid the return of the aviators, gave no further details concerning Gov. Gonzalez beyond the statement that the fliers were to be interrogated by General Francisco Murgula of the Carranza army.

Lieutenants Grimes and Davis while on a flight Wednesday, became confused in a fog and instead of proceeding along the Rio Grande, followed the river Zolado thirty miles within Mexican territory. Here they were forced to land because their fuel was exhausted. Since Wednesday they had been staying at a hotel awaiting the arrival of expected oil and gasoline for their airplane.

Surprise to U. S. Officers.

Brownsville, Tex., Nov. 31.—The fact that Major-General Francisco Murguia, commander of Mexican military forces in the northern zone, has taken charge of the situation relative to Lieutenants E. F. Davis and G. E. Grimes, at Guerrero, Mexico, and has ordered the two men taken to Monterey for military examination proved a surprise to United States army officers here. The change of plans came when officers here thought the return of the two officers to American soil was all but actually accomplished.

The only information received at Fort Brown today was from Gen. Zuazua, military commander in Tamaulipas, the latter of Matmaors who went to Guerro, opposite Zapata, Friday morning, presumably to facilitate the departure of the two Americans. General Zuazua's message was to the effect that all matters were satisfactory and that the return of the two men was imminent and indicated that Zuazua knew nothing of the orders of Murguia.

Flores, however in a message earlier in the day, was optimistic that the return would be soon, although he said that final instructions were awaited from General Murgula. This was the first intimation that the matter had gone to Murguia at all.

United States Consul Gilbert R. Willson of Matamoros who had been dealing with Mexican officials regarding Davis and Grimes dropped the matter entirely today when he received word that Vice Consul Randolph Robertson at Nuevo Laredo had taken it up. No direct word has been received from the two aviators since their first message late Wednesday conveying the news of their landing, according to Captain Bradford.

NATION'S INDUSTRIES WILL BE ENUMERATED.

Washington, Jan. 31.—Enumeration of the nation's industries, including manufacturing plants, mines, quarries, oil and gas wells, forestry and forest products, will start Mrach 1, it was announced today by Director of Census Sam L. Rogers.

The country has been divided into 589 districts and 1,200 men will be needed to make the count.

SENATOR BEALE DIES.

Alton, Jan. 31.—State Senator Edmond Beale of the 47th district, thrice mayor of Alton, died early today from hardening of the arteries at Los Angeles, Cal., where he was spending the winter, according to advices received here.

SEN. POINDEXTER IN NEW YORK ADDRESS

Warns Against Abandonment of American Policies in Western Hemisphere and Assuming New Ones in Europe.

New York, Jan. 31.—Senator Poindexter of Washington in an address to the society of the General Lee tonight warned against the abandonment of the American responsibilities in the western hemisphere and the assumption of new ones in Europe.

"There may be good reasons" he said, "for evacuating the Philippines and occupying Turkey; for ignoring our responsibilities in Mexico and assuming responsibility in Fiume, but the policy of such a course is by no means clear."

"We have lived in a friendly intercourse with the nations of the world, intervening in their affairs only when it was necessary in defense of our rights," he asserted. "We have enjoyed liberty and by the application of the wise policies of Washington and Monroe have preserved national independence, not only for ourselves, but for all the young republics in the western hemisphere. We have greatly prospered and while making the happiness of the citizen the chief end of government, yet have attained to national power."

"We have brought liberty to the Philipnine people" he continued. "We have given them an enlarged measure of material prosperity. It is now proposed that we should abandon them to inevitable disorder and to begin again in another part of the world the mighty task of reconstruction. By the defeat of the league of nations the American people have been deprived of the privilige of taxing themselves a billion dollars and of raising an army of a quarter of a million men to perform the task of setting up an orderly government in Turkey."

James Hamilton Lewis, former senator from Illinois, another speaker, declared a revival of patriotism and less "partyism" is necessary to combat the spirit of revolt in this country.

"The citizen is in revolt at evils that do not exist," he said. "He is in terror at conditions that cannot arise. If this temper in our people increases and then becomes understood to the world. America is at once imperiled by those who would rejoice in our downfall. Truth must record the fact that the United States has not one single entente friend in all the nations of the world."

JAIL BREAKERS PLEAD GUILTY

URBANA, Ill., Jan. 31.—Robert Kelling and Arthur Wilson, members of the gang who attempted the jail break here last Wednesday night when Lawrence Barnaby, the leader of the attempt, was killed by Turnkey McKinney, plead guilty to the original indictments and to the attempted jail break and were sentenced to sixty years and twenty years, respectively, by Judge Boggs here today. They will be taken to Chester Sunday to start serving their sentences.

The killing of Barnaby took place when the jailer was locking up the jail for the night and was attacked by the three men armed with clubs. The leader was shot down just as he attempted to strike the keeper and the other two surrendered.

BREAD PRICES IN CHICAGO RISE

CHICAGO, Jan. 31.—Retail bread prices in Chicago will be increased one cent, effective next Monday, leading bakers announced today. The new price will be 11 and 12 cents for a pound loaf of bread instead of 10 and 11 cents as at present and the one and one-half pound loaf will sell for 16 and 17 cents, an advance of one cent over the present price.

The Co-operative Milk Producers' association, announced a decrease of 25 cents on 100 pounds of milk at wholesale. The February price was fixed at $3.35 per 100 pounds but retailers said the decrease was not large enough to reduce the price to consumers.

FIRE GUTS HOTEL.

Champaign, Ill., Jan. 31.—Fire, which started in the elevator shaft caused, it is believed, by defective wiring, completely gutted the Hamilton Arcade and Hotel building here this morning. The damage to the building was about $10,000 while the loss to merchants on the ground floor was considerable. An organied patrol of boy scouts assisted in carrying furnishings from the building and helped greatly in lessening the damage.

BROOKLYN CLUB INCREASE SALARIES.

New York, Jan. 31.—A salary increase of close to 33 1-3 per cent to the players of the Brooklyn National league club was announced today by President Charles H. Ebbets. The baseball executive stated fourteen regulars and six recruits already had signed 1920 contracts and that he expected to receive the signatures of the other eight composing the squad within the next week.

SEVEN BURNED IN FIRE.

Pittsburgh, Pa., Jan. 31.—Seven persons are knawn to have been burned to death early today when fire destroyed fifteen temporary residences, occupied by employes of the Carnegie Steel company's plant at Clairton, on the Monongahela river, 15 miles from Pittsburgh. An office building also was consumed.

PLANS LAID FOR ANOTHER SESSION OF DEBATE ON PACT

Democrats Will Put Treaty Back to Floor of Senate

NOTICE SERVED BY SEN. WALSH

WASHINGTON, Jan. 31.—A possible foundation for another session of senate debate on the peace treaty was laid today by Democratic leaders as a sequal to the collapse yesterday of bi-partisan formal negotiations for a compromise on reservations.

Notice was served by Senator Walsh of Montana, one of the Democratic members of the disbanded bi-partisan committee, that on Tuesday, February 10, a motion would be made to resume consideration of the treaty in the open senate. He spoke for the Democratic senate leader, Senator Hitchcock, of Nebraska, who was absent.

The announcement developed no debate. A little later, however, the senate was given a concrete reminder of the amount of oratory it already had expended on the treaty, Senator Smoot, Republican, Utah, exhibiting a 3,000 page volume containing 7,300,000 words on the subject spoken in the senate last summer and fall.

Although a vote is ten days away, nearly every element in the complicated senate situation was considering today where it would cast its influence on the question of bringing the treaty back for debate.

The first impulse of some of the treaty's irreconcilables foes was to vote for the Democratic motion on the theory that more discussion would arouse further opposition to ratification while the irreconciliabes held to the position that the treaty was dead and should be left dead.

Some of the mild reservation Democrats were said to favor further debate as the only possible way now to ratification, but others believed it only would consume time that should be devoted to legislation.

It generally was predicted that if the Democratic move proved successful, as the party leaders said it would, the lineup behind it would be a commission of Democratics, mild reservations and irreconciliables.

It was indicated that the Republican leaders would make an effort to require a two-thirds majority for bringing the treaty before the senate. Under the rules they said, two-thirds would be necessary, but it was pointed out that Vice President Marshall had held thruout the treaty controversy that a majority could proceed as it pleased with ttreaty consideration. Should an appeal be taken from his decision in this case, it was expected that a majority would vote to uphold him.

REACH AGREEMENT ON OIL LEASING BILL

WASHINGTON, Jan. 31.—The deadlock on the oil land leasing bill, which has been in conference for three months, was broken today when an agreement on the so-called remedial provisions of the oil section was reached by the conferees. While this virtually amounts to a final agreement on the bill, minor questions involving the distribution of royalties derived from producing oil wells remain to be settled next week.

Under the agreement, transfer of surplus oil lands after October 21, last, by persons holding more than 3,200 acres, the maximum allowed under the bill, would be declared void. The provision is designed to prevent the juggling of lands and prevent large oil interests from obtaining control over more than the measure permits.

SHOOTS WIFE AND CHILD, THEN TAKES OWN LIFE.

Cleveland, O., Jan. 31.—Mrs. Edith Bullman and her five months old daughter, Pauline, were shot to death early today and the husband and father, Martin, was reported as dying in a hospital with a bullet in his brain.

Police believed Bullman temporarily insane by influene from which all three members of the family have been suffering for a week, first shoots his wife and baby and then shoots himself.

FORMER SPRINGFIELD BANK CLERK INDICTED

Springfield, Illinois, Jan. 31.—Ralph Deicken, whose fine clothes brought him the title of "the Beau Brummel Bank Clerk," was indicted today by a federal grand jury for the embezzlement of funds from the Ridgley National Bank. Miss Jessie Conner, a bookkeeper, was indicted with Deicken.

HIT ON HEAD BY FOREIGNER

Canton, Ill., Jan. 31.—Ross Totten, foreman at the International Harvester Company's plant here, was probably fatally injured today when S. Captain, a foreigner, struck him on the head with an iron bar following an argument. Captain escaped after the assault.

COLD WAVE SWEEPING THRU EASTERN STATES

NEW YORK, Jan. 31.—All New England and New York state was tonight in the grip of the coldest weather of the winter. New records for low temperature were reported in many localities the thermometer registering from 8 to 42 degrees below zero.

The frigid wave was most severe in northern New York state, where the low record of 42 degrees below zero was registered at Ava, fourteen miles north of Rome.

Along the New England coast, harbors and channels are frozen, preventing the movement of shipping and supplies of foodstuffs. The inhabitants of several islands were reported to be isolated. Two coast guard cutters have been ordered to proceed to break the ice along the Maine coast in an attempt to open the harbor.

The extreme cold in Vermont is believed caused the wreck of the Montreal express of the Rutland railroad at Hibbards Bay, early today, throwing a sleeping car of passengers into the icy waters of Lake Champlain. It is believed that the train was derailed by a rail snapped by the extreme cold. All passengers were rescued but several were badly frost bitten.

With the exception of the vicinity of New York City, where zero was the lowest mark reached, below zero temperature was general thruout New York state. The weather bureau tonight predicted that the cold spell would be of short duration as a rise in temperature is expected tomorrow.

ROCKEFELLER WARNS NATIONAL LAYMEN

Sounds Solemn Note Concerning the Future of the Inter-Church Movement.

Pittsburgh, Pa., Jan. 31.—John D. Rockefeller, jr., addressing the delegates to the national laymen's conference and their hosts, 100 prominent Pittsburgh citizens at a banquet tonight, sounded a solemn note of warning concerning the future of the movement.

"If jealousy, suspicion, pettiness and misunderstanding are allowed to creep in, there is a possibility this movement will be disrupted and brought to an end," said Mr. Rockefeller. "I fancy we can count upon the fact that the devil will use all the ingenuity of which he is capable to attack this great movement in just that way—from within—for we well know that in no other possible way can he offset or withstand the great power and force of which it is capable."

The session opened with 1,200 delegates present and was called by the inter-church movement to consider the whole task of the protestant church.

"The outlook and progress of the christian church" was the subject of the addresses at tonight's banquet, the speakers being Mr. Rockefeller, Gov. Carl E. Milliken of Maine, and Dr. S. Earl Taylor, prominent in the inter-church movement.

Dr. Taylor in his address said that imperative need had called the inter-hcurch world movement into existence.

"There are actually 500 less missionairies in the foreign field from the United States and Great Britain than there were in 1914 and an end has been put to the work of 2,000 German missionaries," he said. "Evangelical christianity is short about 5,000 missionaries as a direct result of the war."

ASSOCIATED PRESS NOMINATES DIRECTORS

Chicago, Jan. 31.—The nominating of the Associated Press today nominated the following for election to the board of directors of the Associated Press at the annual meeting of the members in New York on April 20:

Frank B. Noyes, Washington Star.

W. L. McLean, Philadelphia Bulletin.

Adolph S. Ochs, New York Times.

A. C. Weiss, Duluth Herald.

John R. Rathom, Providence Journal.

The committee made only one nomination for each vacancy.

OFFICERS' TRAINING CAMPS OPEN JUNE 17

Washington, Jan. 31.—At least 10,000 college students are expected to attend reserve officers' training camps which open June 17 for a period of six weeks. Most of them will be at training centers used during the war, infantry units going to Camps Devins, Custer, Benning and the Presidio, San Francisco, ordnance units to Aberdeen, proving grounds, M. D., engineers to Camp Humphreys, Va., field artillery to Camp Taylor, Ky., signal officers to Camp Vail, N. J., and motor transport corps organizations to Camp Holabird, M. D. Cavalry camps will be organized at Fort Ethan Allen, Vermont, and Fort Oglethorpe, Ga.

Experienced officers from the A. E. F. will be assigned as instructors.

SARAH TABOR BOUND OVER TO CIRCUIT COURT.

Kalamazoo, Mich., Jan. 31.—Mrs. Sarah Tabor was bound over to circuit court late today on the charge of murdering her daughter, Maud, and of burrying her remains in the cellar of the Tabor home at Lawton. No. bail was fixed for the prisoner who is 80 years old.

$100,000 WORTH OF FILMS BURNED.

New York, Jan. 31.—Film and machinery valued at $100,000 were destroyed by fire today in a building occupied by the Simplex Precision Machine company, manufacturers of motion picture machines.

WISCONSIN EDITOR DIES

LaCrosse, Wis., Jan. 31.—John Dahlgren, sports editor of the LaCrosse Tribne and Leader Press, and one of the best known newspaper men in western Wisconsin, died this afternoon of pneumonia, after an illness of five days.

U. S. OPERATION OF RAILROADS EXPENSIVE

Unified Federal Control of Systems Has Cost the Nation Approximately $700,000,000.

Washington, Jan. 31.—Operation of the railroads, Pullman lines, express companies and waterways, unified under federal control, has cost the nation approximately $700,000,000, according to official calculation, since they were taken over two years ago. Figures made public by the administration tonight revealed a net loss of $594,200,000 from railroad operation alone in the two year period. Statistics, gathered from official sources as to operating costs of the Pullman lines and waterways and express companies while operated by the governments, show the addition of $106,000,000 to the transportation costs.

Heavy losses of November and December are charged to the coal strike in a statement by the railroad administration. A deficit of $111,500,000 was shown for these two months.

Much of the loss during 1919 should be charged to the first six months when there was "a prolonged slump in freight business following the signing of the armistice."

Preliminary reports, upon which the compilation of revenue results was based, indicates a "serious dislocation of freight traffic," during November and December. This could not be estimated closely, officials said. Passenger traffic for the last two months of the year showed an increase.

FAMOUS TELEGRAPH INVENTOR DEAD

Bridgeport, Conn., Jan. 31.—Walter P. Phillips, inventor, editor, author and composer who died at Oak Bluffs, Mas., today was known among the telegraphic and newspaper fraternity from the Atlantic to the Pacific. He formerly made his home here.

Mr. Phillips was born in Grafton, Mass., in 1846 and was for several years engaged in the telegraph business in Providence, R. I., and New York City. In 1874, Mr. Phillips entered the service of the Associated Press and within a year rose to be assitant to the general manager.

In 1882 Mr. Phillips became general manager of the old United Press with headquarters in New York.

Mr. Phillips was the author of the Phillips Code, the medium which makes it possible for all press associations to carry such a volume of news over their wires, increaing the carrying capacity of their wires over 200 per cent and at the same time decreasing the strain on the operators a like amount.

INFLUENZA DEATHS IN CHICAGO INCREASE

CHICAGO, Jan. 31.—Deaths from influenza and pneumonia since the outbreak of the epidemic January 15, totalled 1,668, it was reported tonight by the health department. During the same period 26,888 cases of the diseases were reported.

Although there was a sharp decline in the number of new cases today, the death toll was the heaviest since the contagion appeared. Flu caused 122 deaths and pneumonia 85, while new cases of the former numbered 860 and of the latter 352.

CHALLENGE ACCEPTED

Chicago, Jan. 31.—Mayor William Hale Thompson today accepted the challenge of Mayor Hylan of New York for an athletic contest between Chicago and New York school children, to be held in the near future. An ice eskating tournament was suggested.

Mayor Hylan's challenge was contained in a telegram received today congratulating Mayor Thompson on his plan to introduce athletics into the Chicago schools after the pattern of the New York system.

PIONEER MORMON DEAD

Salt Lake City, Utah, Jan. 31.—William C. A. Smoot, last survivor of the original band of pioneers which reached the valley of Salt Lake July 24, 1847, with Brigham Young, died here tonight. Many of his relatives and friends were with him last Friday to celebrate his ninety-second birthday.

Mr. Smoot was the father of eighteen children, ten sons and eight daughters.

ANOTHER PLAN TO KEEP CAPITAL AND LABOR TOGETHER

Second Industrial Parley Open in Washington This Week

OPPOSITION TO PRESENT PLANS

WASHINGTON, Jan. 31.—Formulation of a final plan for settlement of industrial disputes, based on the great volume of criticism and opinion evoked by the tentative plan of regional adjustment boards announced six weeks ago, will be taken up by the second industrial conference next week. Chairman Stanley King said today that work on drafting final recommendations to the president would be started at once.

How far the conference may modify its tentative plan calling for a national industrial tribunal with regional boards of adjustment and inquiry, Mr. King said was entirely speculative. One definite decision already reached, however, Mr. King said, was that any system of regional adjustment, while providing for disputes that have once arisen must be supplemented by some "preventive" plan or shop organization to catch and cure the dispute at an earlier stage. This necessity, he said, had been very generally stressed and so deeply impressed the conference members that a strong recommendation for the solution of some form of shop organization in all industrial plants, independent of union affiliations of employes, undoubtedly would be included in the final draft plan.

The mos tcomplete disapproval of the tentative plan announced by the conference, Mr. King said, had come from Samuel Gompers, as the representative of organized labor in America, and from the "president of one of the biggest employers' associations in the country," whose name he withheld. As viewed by members of the coference the attitude signified by opinions of these two men, he said, was that "any conflict of interests now existing between capital and labor is a private fight with which the government properly has nothing to do." This was found to be by no means the general attitude, however, on either side, he said.

The conference also has heard from former President Taft and Glenn E. Plumb, author of capital-labor-industrial partnership plans that bear his name. In all a dozen representatives of international labor organizations and an equal number of representatives of the large employing interests, chiefly officials of employers' associations have been heard, Mr. King said.

TRIAL OF I. W. W. MOVING SLOWLY

MONTESANO, Wash., Jan. 31. But eleven prospective jurors were in the box when court in which eleven alleged I. W. W. charged with the murder of Warren O. Grimm at Centralia, Wash., on armistice day are on trial adjourned tonight.

Two veniremen who had been temporarily accepted, were excused for cause during the day and the state exercised its peremptory challenge. Forty-six men and three women have been examined as prospective jurors during the week.

VETERAN BRIGADIER GENERAL WEDGEWOOD DIES

Salt Lake City, Utah, Jan. 31.—Brigadier-General E. A. Wedgewood, retired, aged *4, died here today after an illness of several months. In the world war he was a brigadier general in the Rainbow division stationed at Camp Greene, N. C., but did not go overseas because of physical disability.

During the Spanish-American war, General Wedgewood was a captain in a Utah light artillery regiment and in his early service with the military was a private in the Utah national guard.

LACK OF COAL FORCES CANCELLATION OF TRAINS

Vienna, Jan. 27 (Tuesday)—Failure of expected coal supplies to arrive has caused an announcement of the cancellation of all passenger train traffic for the week, beginning Sunday. In consequence there is a rush of passengers to board trains. Many, unable to secure even standing room, smashed the windows of cars. Finally a number of cars were attached to freight trains to accommodate the passengers.

BANDITS ROB GENERAL STORE

Canton, Ill., Jan. 31.—Automobile bandits robbed the general store at Norris, a mining town eight miles north of here, early today and escaped with merchandise valued at $800.

CARGO CARRIER LAUNCHED

Wilmington, Del., Jan. 31.—The emergency fleet cargo carrier Mason City was launched today at the Harlan plant of the Bethlehem Ship Building corporation. Miss Elizabeth Muse, of Mason City, Iowa, was sponsor.

FORECAST OPPOSITION TO FURTHER LOANS

Declare the Congress Has no Authority to Give Away Funds to European Nations.

Washington, Jan. 31.—In voting today to recommend new government loans of $50,000,000 to European countries for food relief, the house including its Republican members, went counter to the majority view of the Republican steering committee. While there was no indication that this dsagreement on the program which would result in an open fight, cloak room discussion strongly forecast vigorous opposition to any loan when the measure reaches the house floor.

Action by the ways and means committee followed a conference earlier in the day between its Republican members and the steering committee, at which the steering committee members expressed approval of any loans on the ground that congress had no authority to give away funds, while in the senate both Democrats and Republicans voted opposition to additional credits to any European countries.

Senator Walsh, Democrat of Montant, said he was opposed to further government financial aid to Europe because some of the nations now owing this country money were spending sums in military and naval preparations.

Senator Phelan, Democrat of California, charged that the European nations, paricularly Great Britain, were using money owed to the United States to extend their oil interests thruout the world.

In agreeing on the $50,000,000 total today the house committee decided not to stipulate the countries to which loans might be made. This will be left to officials of the treasury who have asked for $125,000,000 for the aid of Poland, Austria and Armenia.

Chairman Fordney of the ways and means committee said he would try to get house action on the bill Monday or Tuesday.

"All evidence furnished the committee," declared the committee report," seemed clearly to indicate that literally millions of people in the stricken portions of Europe are facing starvation and their only hope of relief is the participation of the government of the United States in the furnishing of foodstuffs."

The limitation of the relief to foodstuffs was said to be an expression of opposition to providing military supplies.

MAY AFFILIATE WITH PAN-AMERICANS

WASHINGTON, Jan. 31.—Workers in the Latin-American republics are urged in a manifesto issued today by Samuel Gompers, chairman, and other officials of the Pan-American Federation of Labor to organize labor associations for affiliation with the Pan-American organization. This action is urged "to the end that the workers of all the American countries may be better prepared to act concertedly for their mutual protection and advancement and to impose a check upon those forces who would subordinate them to their own material aggrandizement."

Calling attention to the third Pan-American Labor Congress to be held in Mexico City next July, the manifesto says the workers in the Americas should begin now to make preparations for sending their representatives to this gathering.

"Collective action by the national labor movement of all the American countries thru the Pan-American Federation of Labor," says the manifesto, "will be a potent factor in protecting the American continent from being run by military domination from any quarter, and, above all, it will contribute greatly to the realization of that great and noble desire that is being manifested so strongly since the European war came to a cessation; preservation of peace in the western hemisphere and the establishment of the most friendly relations between the American countries."

JUDGE SMITH HERE MONDAY ONLY

Judge E. S. Smith yesterday notified Circuit Clerk Boston that he will arrive in Jacksonville on the noon train Monday from Springfield and will convene circuit court at 1:30 o'clock. He will later in the day adjourn until Monday, Feb. 9. Jurors who have been summoned for Monday, Feb. 2, are not expected to appear in court until Monday, Feb. 9.

LINCOLN, NEB., TEACHERS VOTED $400 INCREASE

Lincoln, Neb., Jan. 31.—By a practically unanimous vote Lincoln tax payers at a special election today authorized the school board to grant a uniform increase of $400 a year to teachers in the public schools. Present salaries range from $967 in the grades to $1,100 in th ehigh schools.

NEGROES ROB JEWELRY STORE

Los Angeles, Calif., Jan. 31.—Two negroes entered a jewelry store here today, held up a clerk, emptied gems valued at $10,000 from trays into their pockets and escaped in the crowd. The police said they knew the negroes and would arrest them soon.

London, Jan. 31.—Three persons were killed in the explosion of a powder factory, attributed to Jugo-Slav workmen at Trieste yesterday, according to a Rome dispatch to the Central News.

COMPLETE JURY TO TRY NEWBERRY ON FRAUD CHARGES

Opening Guns Will be Fired by Prosecution Monday

MOST OF JURY REPUBLICANS

GRAND RAPIDS, Mich., Jan. 31.—With a jury sworn in, Attorneys and defendants in the federal trial of United States Senator Newberry and 122 others on charges of fraud, corruption and conspiracy in the 1918 election, were making ready tonight for the next act of the political drama. This is expected to come Monday afternoon to which time court adjourned in order to give the correspondents opportunity to arrange personal affairs for the lengthy performance in prospect.

Grant C. Dailey, special assistant attorney general, is expected to hold the stage Monday afternoon. He will make the opening statement for the prosecution How long he will take had not been announced tonight nor was it definitely known whether the defense would address the jury before the evidence is introduced or reserve its opening until the government's case has been completed.

Satisfied With Jury.

Both sides professed satisfaction with the jury. It consists of six farmers, two produce dealers, a cattle buyer, the manager of a farmers' co-operative elevator, a grain dealer and a grocer. Charlevoix is the largest town represented and nine of the twelve men come from the northern part of this federal district.

Politically, attorneys for both sides agreed, the jury consists of ten Republicans and two whose party affiliations are doubtful.

Except for juror number two, all are middle aged. Henry J. Smith of Luther, attained his majority in September, 1918. The oldest man is Edward Anderson, 59, naturalized Norwegian, and the second oldest is C. A. Anderson, 52, a naturalized Swede. All the others are native Americans, most of them having been born in Michigan and settled within the counties in which they reside.

The spectre of influenza which stalked on the stage of the trail yesterday, was headed toward an exit tonight. The jurors were all reported in good health and while two more defendants were added to the sick list this morning, all five patients from that division of the cast were improving tonight.

Unusual precautions are being taken against a delay because of illness. A physician is watching the jury, the court has instructed them to take frequent exercise, and eat sparingly. To improve conditions in the court room the proceedings will start at 9 a. m., each day and a thirty minute recess will be given half way thru the morning sessions. In this interval the windows of the room will be thrown wide open. Smoking in the corridors has been forbidden and the carpets in the court room have been tured upside down, giving a smooth surface which, it is thought, will allow of more thoro cleaning than the long nap would permit.

COX CANDIDATE FOR RE-ELECTION.

Columbus, O., Jan. 31.—Gov. James M. Cox today officially announced his candidacy for the Democratic presidential nomination. The announcement was made in the editorial columns of the Hamilton Evening Journal.

THEO ROOSEVELT ON WOOD CAMPAIGN COMMITTEE.

Chicago, Jan. 31.—Theodore Roosevelt today accepted a place on the Leonard Wood campaign committee it was announced at Woodhurst.

Henry Ford knows the value of the Chicago Tribune as an advertising medium and sets aside his personal feeling when it comes to a matter of business. There have been large display advertisements of the Ford car in the Tribune during the automobile show.

Special observances for the Boy Scout movement are planned for one week in February. It has been well said that no crime wave ever started among the Boy Scouts. On the contrary, all the teaching and influence of the organization tends toward law observance and the upbuilding of character.

Mortality statistics of Jacksonville have not always been satisfactory, largely because records from the state institutions are included with them. Even, so the showing on population basis is better than in some cities. There were 30 deaths from pneumonia in one day recently in St. Louis.

The discussion goes merrily on in Chicago as to the propriety of releasing whiskey for use at hospitals in treating of pneumonia and some other diseases. As is always the case in affairs of this kind in Chicago, politics has something to do with the discussion. Then there is the other fact that reputable physicians disagree in a very decided way as to the value of alcoholic stimulants in the treatment of certain diseases.

Thirteen male teachers in the schools of an eastern city have made a proposition to the Board of Education to be put on an Army basis for pay and subsistence. These teachers served in the world war and they ask the schol board to give them $32 a month, clothes and lodging furnished. They claim they do not get the equivalent of that now. As teachers their pay ranges from $120 to $217 a month.

FARMERS WILL TELL FARMERS.

Tomorrow eleven well known Illinois farmers will be at work in Morgan county telling the farmer residents of this county about the benefits of the Illinois Agricultural Association and what can be accomplished thru organization. The men who are coming for this work or for this membership campaign are busy men of affairs They have not secured "jobs" but are in the movement because it is for the mutual benefit of farmers, and they know that certain rewards will come to agriculture later on if farmers generally can but come into an understanding of the value of organization.

If the results in other counties are matched in this intensve campaign the membership of the Morgan County Farmers club, now at the 350 mark, will augmented by hundreds of other farmers and the state association will have equal representation.

THE JACKSONVILLE BOOM.

Someone has suggested that Jacksonville's new reservoir be named Lake Boomer. Whether or not that name is adopted, the completion of the reservoir and its big supply of water has no doubt had its effect on Jacksonville real estate. There have been more transfers of property in the past few months than in an equal number of preceeding years. The activity first came in residence property and then came the demand in the business district. There are a number of business men now looking for locations because they must move, and the same applies to a number of professional men.

Someone may say that the condition here is just the same as in all cities—that all have shown the advance. Business conditions are generally prosperous but without doubt the increase in water supply has had much to do with the local situation. The boom is on in Jacksonville real estate, or more properly speaking real estate values are just getting to the place where they have for years properly belonged.

NEED NOT CAUSE APPREHENSION.

Prospects of falling prices are discussed by the National Bank of Commerce in New York in the February number of Commerce Monthly, the bank's publication, just issued. The bank, while not predicting a definite time when price readjustment may be expected, maintains that the process need not mean disruption to business.

"If, when the tide turns," the statement says, "readjustment is not too long resisted and production is not too much slowed down, and if the situation is flexible and competitive, we may expect to meet the reacton without disaster. The country is not as well braced now for reaction as it was at the time of the armistice, but so many of our major industries are in exceedingly strong position, and our banks are as a whole in such excellent condition, that we should view the prospect without undue apprehension.

"The question of price readjustment in the United States is tied up with our attitude toward Europe's economic recovery. If it is felt that we are all involved to a significant degree in a common economic future, our participation will doubtless be active. As a part of such a policy, new loans to Europe to make possible a continuance of our exports essential to reconstruction would delay the process of price readjustment."

Rippling Rhymes
By Walt Mason

Fighting H. C. L.

We've talked a lot about the Cost; no opportunities we've lost to make a few remarks; we've told how we have felt the pinch, and called for hempen ropes to lynch the profiteering sharks. Now comes the gentle spring again, when earnest, sane and thoughtful men will cease to rend their duds, quit yawping by the village pound, and spade up fourteen roods of ground, and plant a lot of spuds. A garden full of useful greens, of sparrowgrass and Lima beans, is much to be desired: a garden where the squashes thrive and beets are seen in blocks of five, will make the Cost look tired. A bed of onions by the fence is better evidence of sense than many frenzied yawps; and nothing finer is in sight than is the gardener's delight, when harvesting his crops. The country's full of fertile earth; all kinds of soil, of sterling worth, is strewn around our shacks; and in that soil let's plant some peas and Brussels sprouts and things like these, and thus get down to tacks. When to their gardens men repair, and gather luscious pumpkins there, and carrots red and fine, and turnips full of wholesome juice, and cabbageheads that beat the deuce, the Cost takes in its sign.

With the Sick

Mrs. A. A. Todd is ill at her home on North Prairie street.

Stanley Wright, of the Peoples Furniture Co., who has been ill for the past ten days, was able to be at his place of business a few hours Saturday.

Miss Helen Ayers, a student at Illinois Woman's College underwent an operation Saturday for the removal of her tonsils.

Donald Wolfly, who has been a patient at Passavant hospital returned to his home in Carrollton, Ill. He was accompanied by Andrew Wolfly, his grandfather.

Robertine Defreitas, of 1094 North Main street, is a patient at Passavant Hospital, where she underwent an operation for appendicitis last Tuesday. She is reported as making a quick recovery.

Births

Mrs. Ellis Moore of South Fayette street has received word of the arrival of an eight pound daughter January 23, at the home of her nephew and niece, Prof. and Mrs. G. C. Mason of Jackson, Miss. The young lady's name is Georgetta Pauline.

A CORRECTION

An item which appeared in the Journal Saturday morning told of the death of Mrs. William Casey at the family home in Jerseyville. The name was in error, as it was Mrs. William Tracy who passed away Friday. Mrs. Tracy is survived by two sister and four brother: Mrs. James Begnel and Mr. Coy Palmer, Murrayville; James and Michael Connolly, Murrayville; Peter Connolly of Jerseyville and Rev. Thomas Connolly, residing in Arizona.

ANTI-TUBERCULOSIS SOCIETY BANQUET

The annual business meeting and banquet of the Anti-Tuberculosis Society will be held at Grace church Friday evening, February 6. Mrs. Herbert Capps ischairman of the banquet committee. It is requested that all members having tickets to sell will report to her Wednesday evening. An out-of-town speaker will be present.

MOTORCYCLE SOLD

Ray Hogan, distributor, has sold to Frank Walters of Bluffs, Ill., an Excelsior motorcycle and ride car.

Announcement!

The property of the Jacksonville Courier Co. yesterday passed to the ownership of W. L. Fay, J. W. Walton and W. A. Fay, who are stockholders of the Jacksonville Journal Co. The contract for transfer was made several weeks ago thru a newspaper broker, to become effective at 6 p. m. Jan. 31.

There have been conferences at different times during recent months by the representatives of the two papers as to possible disposition of the properties, but it was not until a comparatively recent date that any definite steps were taken. The present owners of the stock of the Courier Company frankly state that their plans for the operation of the property have not been matured. However, it can be stated definitely that for the present there will be few changes and that the Courier will continue to be published as a Democratic evening paper.

W. D. Doying, who has served as president of the Courier Company, will remain as an officer of the company and in active connection with the publication. W. A. Fay will serve as secretary-treasurer of the company and in capacity of business manager.

Great changes have taken place in the newspaper world during the past two years and the difficulties of newspaper management and operation have increased from month to month. During the period mentioned compiled records show that hundreds of weekly newspapers thruout the U. S. have gone out of business, and the same applies to a smaller number of dailies.

With many of these papers the inability to secure newsprint has been the principal reason for suspension. With others, a combination of circumstances, based mainly upon the increased cost of operation, has resulted in sales or plant shutdowns. The conditions have also brought about a great many consolidations of newspaper properties. Within very recent months there have been scores of such changes thruout the country and a notable number of them in Illinois.

It is a matter of recent history that the Herald and Review, two daily papers in Decatur, have been combined under one ownership. In Springfield there were until the past year three papers. The Journal and the Register, for many years morning papers, together purchased the property of the News, the evening paper. Then the Register changed to the evening field.

Within the past month the two papers in Champaign were consolidated and the same thing happened at Mattoon, where for many years the Commercial-Star was published in the morning and the Jaurnal-Gazette in the evening. Other Illinois consolidations or joint ownerships have been at Waukegan, Kankakee, Freeport and still others are in progress.

The statement with reference to the papers mentioned is not made to give an intimation as to future plans in connection with the operation of the Journal and Courier plants, but to call attention to the fact that the steps toward common ownership of newspaper properties here in Jacksonville are quite in line with the action taken elsewhere.

It is, of course, the hope of the stockholders of the local newspapers that thru the change just recorded that certain economies of operation may result and some of the difficulties which now face all newspaper publishers somewhat lessened.

In the past there has been the feeling on the part of the newspaper owners here that there were distinctly two fields in Jacksonville, and that there would always be two papers, one of them published in the morning and the other in the afternoon. Nothing has yet occurred or been determined upon to change that view of the local situation, altho it is certain that the lines of demarkation between evening and morning newspaper fields are not nearly as sharply drawn as used to be the case, and there are many cities of larger size than Jacksonville, where only one paper is published.

In this connection it is a pleasure to state that the relations existing between the officers and stockholders of the Courier and the Journal have been most cordial all thru the years. The late George E. Doying, for so long the sole proprietor of the Courier, was an able, competent newspaper man. It was the pleasure of his sons in after years to operate the property and to add to its equipment and efficiency.

Altho there has been a transfer of stock of the Jacksonville Courier Co., the Doying name will always be recognized as having a very important place in local newspaper history.

MONDAY AND TUESDAY
HOBART BOSWORTH
—in—
"Behind the Door"
A Paramount-Artcraft Picture

Paramount Artcraft has scored a notable achievement among really notable Motion Picture Dramas in the production of "Behind the Door."

Doubtful if any screen melodrama ever made has been packed with such terrific power and heart-stirring action, and at the same time has exemplified so well the highest standards of artistic and novel presentation.

It was nothing short of a delight to watch the audiences at the Broadway Theatre and to observe how thoroughly amazed everyone was at the sensational story unfolded.

There was always prolonged applause throughout the showing of "Behind the Door," and applause, as you know, is indeed, all too rare in the theatres devoted to the silent drama.

Mr. Ince, Mr. Willat, Mr. Bosworth are to be congratulated again for having been responsible for such a triumph among superlative photo-plays.

ADDED ATTRACTION
A Paramount-Arbuckle Comedy
"THE HAYSEED"

A LAUGH SHOP—It turns old broken down cars of care into luxurious limousines of laughter. It is the greatest laughing picture Fatty Arbuckle has ever made and b'gee you will say so when you see it.

THE CONTEST LIVENS.

This evening at 6:30 at Centenary church will be staged the second of the contest series. The service last Sunday marked a new record in attendance and enthusiasm. The report of the standing between the S. O. S. and A. E. F., forces will be made public tonight. From the strenuous efforts each side is making there is existing a close rivalry for points. The points are for attendance and again of new members. Later on there is being planned a drive for other special features.

The devotional service will be led by George Edmon and a meeting of special interest is promised.

LOWDEN FEELING IN ARKANSAS.

During a recent visit to Pine Bluffs, Ark., Frank Bprns took occasion to inquire into the political situation down there and without reference to party there was a very general feeling for Governor Lowden. It was particularly noticeable among the young men who felt it was time to make a change in affairs and many of whom were tired of a man of one idea. Gov. Lowden has extensive land interests in Arkansas and not an obnoxious absentee landlord but largely improves his holdings. He has bought extensive tracts of practically abandoned land and made it good for farming and that is the kind of man they like. There were plenty who felt the Illinois governor would carry Arkansas if nominated by the Republican party.

LITERARY SOCIETY MET AT MANCHESTER

Philomethean Society of High School Held Regular Meeting—Manchester News Notes.

Manchester, January 31.—The Philomathian Literary Society of the high school gave an interesting program Friday afternon. The program included readings by Christopher Walker and Levi Summers and a piano duett by Leta Howard and Erma Lakin. An interesting feature of the program was a debate: "Resolved that the great products of the age have ben the result of industry rather than genius." Carl Stone and Opal Roe presented the argument for the affirmative and Freeman Traut and Rapheal Stone for the negative. The judges were: E. L. Maine, Mrs. Lida Livingstone and Miss Dorothy Oehler. Decision was in favor of the negative.

An election will be held in Manchester Tuesday, February 10th for the purpose of voting on the proposition of establishing a community high school.

Miss Lula Stone spent Friday in Jacksonville.

Mrs. S. G. Sykes of White Hall spent Wednesday at the home of her parents Mr. and Mrs. J. R. Blevins.

Stanley Scott, son of Mr. and Mrs. Walter Scott, residing east of town, was stricken ill Monday. Dr. Dollear of Jacksonville was called in consultation with Manchester physicians and pronounced the disease Saint Vitus dance. His condition at present is improved to some extent.

Rev. Fred Peek was a Jacksonville visitor Thursday.

Mrs. C. D. Chapman visited her sister Mrs. C. L. Leitze in Chapin Tuesday and Wednesday of this week.

Mrs. J. C. Andras, Jr., and sons Paul and William spent Wednesday with relatives in Murrayville.

COMMERCIAL TRAVELERS BANQUET AND SMOKE

Jacksonville Council No. 182 Gave Banquet and Smoker For Members and Traveling Men Saturday Night—Large Crow Present—Event Was Great Success.

Jacksonville Council N. 182, United Commercial Travelers, gave a smoker and banquet Saturday night at the Odd Fellows Temple on East State street, which proved to be more than usually enjoyable. George Smith was chairman of the entertainment committee and the success of the affair was largely due to this committee's close attention to detail. The usual courtesies of such affairs was extended to all traveling men who happened to be in the city and was particularly appreciated by them.

At the hour set for the banquet, eight o'clock, a large crowd was present. Following a substantial meal, delightfully served, cigars were lighted and those present settled back to enjoy themselves as only a bunch of jolly traveling men know how.

Orien Tandy was toastmaster, announcing the speakers and other numbers on the program in a truly happy vein. Those responding were: Thomas Walsh, Past Councilor C. H. Philleo, Junior Councilor Ross. Messrs Brown and Gard of the Executive committee and Secretary W. S. Ehnie and Mr. Winnie. Lester Cornick's Jazzical orchestra furnished music during the evening. There also were a number of solos.

"REMNANT SALE"

FRED CAIN GOES TO ST. LOUIS POSITION

Fred Cain who has recently been in charge of the branch house of J. H. Cain & Sons in West Court street has secured a position with the Liggett & Myers Tobacco Company of St. Louis. He expects to go to St. Louis today to enter upon his work. He will travel for the firm and will have headquarters at Cairo.

STATIONERY.

You will find an excellent line of stationery at GILBERT'S PHARMACY.

Talk About Being Kidded

Well, it seems that some one is kidding us all right, and we don't like it a bit. Goods ordered early last Fall for Spring trade, deliveries promised for the first of January, have not shown up and we can't find out anything about them. This is worse than being "kidded" about prices, about which we told you a couple of weeks ago. Bad enough to have prices continually advanced on a fellow, but it is a mighty sight worse not to get the goods, at least when promised.

These are queer conditions under which we are living. It's no use kicking. The thing to do is to just keep smiling and plugging away, and if we all do that everything is sure to come out all right. BOOST! And talking about Boosting, hasn't it struck you that this old town is waking up and moving ahead? Well, it sure is, and is going to move faster. If there are any here who don't want it that way we hope their conversion will be immediate and sudden. All together, with cheerful optimism, mutual trust and confidence in each other's sincerity—Let's Go! Our good Mayor says that we can get anything we want if we will act together and go after it. Now's the time! .LET'S GO!

We have some fine medium weight woolens left from the season's business that we will sell at old prices. These will be perfectly suitable for Spring wear. If you are going to get a suit take our advice and have one made up from this stock. You will save money and be entirely satisfied.

ALBERT RENNER,
President.

ROUTT HIGH LOSES TO WHITE HALL HIGH

Score at Finish Was 38 to 25—Routt Complained That Referee Was Unfair in Decisions—Said Game Was More of a Prize Fight Than Basketball.

Routt High lost to White Hall High at White Hall Saturday night, the score being 38 to 24

Coach Conlin said over the phone that the referee was rather unfair in his decisions and let the men rough it until the contest resembled a free-for-all fight rather than a basketball game.

The Routt team drove to Roodhouse after the game and returned home on the Hummer. The score:

White Hall	F.G.	F.T.	T'ls
Boyd, f	5	1	11
Frame, f	3	1	7
Hubbs, c	8	0	16
Greere, g	0	0	0
Goode, g	2	0	4
Totals	18	2	38
Routt	**F.G.**	**F.T.**	**T'ls**
Zell, f	4	1	9
Carson, f	2	0	4
Costello, c	5	0	10
Woulfe, g	0	0	0
Gwinn, g	1	0	2
Mandeville, g	0	0	0
Totals	12	1	25

Referee—Vermillion.

JOHN LUGG TO SPEAK AT FORUM TONIGHT

The speaker at the Congregational church forum tonight will be John Lugg of Monmouth, and those who hear his lecture on "Some Oldfashioned Things," will doubtless be well repaid. Mr. Lugg has achieved some prominence as a speaker and he is called upon frequently to address community gatherings and teachers' institutes. During the period the U. S. was actively engaged in the world war Mr. Lugg delivered more than 400 addresses for different war relief organizations. Jacksonville people should turn out in large numbers to hear this address, as it will certainly be worth hearing.

The Hospital Aid Society will meet with Mrs. W. L. Alexander, 857 West State street, next Thursday afternoon at 2:30 o'clock.

Funerals

Johnson.

Funeral services for Jesse Johnson were held from the residence in Franklin at 3 o'clock Saturday afternoon in charge of the Rev. Mr. Kuntz, pastor of Franklin Christian church. Music was furnished by Miss Grace Armstrong, Miss Helen Massie and Vivian Haynes. Burial was in Franklin cemetery the bearers being Leonard Massie, James Seymour, Vernon Meyer, Riley Hart, Charles Armstrong and Frank Tohl.

Garden.

Funeral services for Mrs. Frances Garden were held at Jacksonville cemetery at 10:30 o'clock Saturday morning in charge of the Rev. F. M. Crabtree. The bearers were: Charles Groce, Edward Large, George Lamb, Joseph Samples, Buker Daniels and Monroe Abell.

Heaton.

Funeral services for Berry Heaton were held from Lynnville Christian church at 10:30 o'clock Saturday morning in charge of the Rev. L. R. Cronkhite.

Music was furnished by Mrs. C. H. Gibbs, Albert Campbell, Edwin Gordon and W. W. Gillham.

There was a profusion of beautiful flowers and these were cared for by Mrs. Jane Stainsforth, Miss Gertrude Gordon, Mrs. Byron Waterfield, Miss Winifred Coultas and Miss Margaret Heaton.

Burial was in Diamond Grove cemetery the bearers being, Ollie Stainsforth, Thomas Dodsworth, Earl Gordon, Walter Duckwell, Wille Allen and Floyd Allen.

NEW STUDENTS AT ILLINOIS

Miss Lucille Bennett of Logansport, Indiana, and Howard D. Filbrun of Girard, Ill., were among the registrants for the second Semester at Illinois College Saturday.

TOO LATE TO CLASSIFY

FOR SALE—Two young brood sows. Duroc Jersey. Call 504 North Webster avenue. W. J. Brooks. 2-116t.

M. L. PONTIUS WILL GIVE LAST LECTURE

Minister Will Give Last of Series of Lectures on Capital and Labor—Meeting Will Be at Court House Instead of Labor Temple.

Rev. Myron L. Pontius, pastor of Central Christian church will deliver the last of a series of three lectures on Capital and Labor in the circuit court room Tuesday evening.

Mr. Pontius has delivered two of his lectures at Labor Temple. However, the interest in them was so great that the seating capacity of the hall was found inadequate. For this reason and also because of its central location those in charge secured the court house for the last lecture.

In his previous lectures Mr. Pontius talked on Capital and on Labor. In his address Tuesday evening he will sum up the proposition and offer a solution of the problem.

Deaths

Tracy.

In the Journal of Saturday morning there was an account of the death of Mrs. William Casey of Jerseyville. The item should have read Mrs. William Tracy. Deceased was a cousin of Alderman M. McGinnis of this city.

Herburg.

Mrs. Catherine Herburg died at the family residence, 819 Beesley avenue, at 3 o'clock Saturday afternoon.

Deceased was born in Germany, January 14, 1849. She was united in marriage in that country to Jacob Herburg, February 5, 1873. They came to this country many years ago, and most of the time have resided in Jacksonville.

She is survived by her usband and the following children: Mrs. H. C. White, city; Mrs. Myrtle Vasconcellos, Springfield; Mrs. James Ryan, Beardstown; Mrs. Charles Vieira, and Christopher Herburg, city.

Mrs. Herburg was a member of Salem Lutheran church and was a woman highly respected by all.

Funeral services will be held from the residence, 819 Beesley avenue Monday afternoon at 2:30 o'clock in charge of the Rev. J. G. Kuppler.

Social Events

Entertained For Miss Maria Walter.

Recently Mr. and Mrs. Zed Bell of Ebenezer neighborhood gave an oyster supper in honor of Miss Maria Walter, who has for ten years or more been a companion of Miss Stella Blackburn. Miss Walter is leaving to make her home with a nephew and his family in the west. The supper in Miss Walter's honor was attended by just a few neighbors and intimate friends from Jacksonville, and all thoroly enjoyed one more social evening with her.

Miss Walter is a remarkably intelligent, active woman, always ready to asist whether the occasion be sad or merry. It is seldom one of her age is so hale and active. All her friends are loath to see her go but unite in wishing her joy thru all her declining years. Her nephew, Wesley Smith, came to persuade her to return to her old home, and to live with them in their new home in Redfield, Kans.

Fortnightly Club Held Open meeting.

The Fortnightly club held its annual open meeting Saturday afternoon at the home of Mrs. L. S. Doans, of Grove street. Luncheon was served at 1 o'clock. Miss Jennie Gressley responded to the toast, "The Absent Members." These members are Miss Marion Fairbank, Miss Mabel Goltra, Miss Aune Stevenson and letters were read from them.

Miss Bertha Mason gave a vocal number with Mrs. Collins as accompanist. Rev. W. H. Marbach gave an address on Americanization which was heard with close interest. Each member was permitted to invite a guest and there was a large attendance.

ANOTHER NAME SUGGESTED.

Mrs. J. Herman yesterday by telephone made the suggestion that Jacksonville's new reservoir might properly be named Lake Boomer. No doubt the fact of the strong influence the building of the lake has had on local business conditions resulted in this suggestion. Certain it is that business in real estate and merchandise is booming just now in Jacksonville and the solution of the water supply question has had much to do with the situation.

Matrimonial

Patton-Scott.

Henry Patton and Miss Goldie Scott, of Chapin were united in marriage at 10 o'clock Saturday morning by Justice C. O. Bayha in his office in the Unity building. The ceremony was witnessed by Basil C. Kitner and John Burch of Chapin. Both young people are well and favorably known in Chapin and start married life under most auspicious circumstances.

Fanning-White.

Fred Fanning and Miss Hazel White, both of this city, were united in marriage at 4 o'clock Saturday afternoon by the Rev. M. L. Pontius at Central Christian parsonage. They were accompanied by Joseph Lovell and Miss Florence Willoughby. The groom is a teamster for Cocking, and they will make their home in this city.

Vertrees Blimling of Woodson made the city a visit yesterday.

J. C. LUKEMAN BUYS ALLCOTT BUILDING

East Side Store Room Passes to New Ownership—Sale Has No Connection With Lukeman Bros.' Store.

While the deed has not yet been placed on record, it became known Saturday that J. C. Lukeman had purchased from Mrs. Lee P. Allcott the store building on the east side of the public square, formerly occupied by the Allcott pharmacy. E. B. Wiswell made the deal.

The ownership of the building was held in the Allcott family for a great many years and the building has been kept in an excellent state of repair. Mr. Lukeman said last night that the purchase of the building had no relationship to the business or stock of Lukeman Bros. and that he expected to sell or rent the property.

LADIES WOOLEN HOSE FRANK BYRNS Hat Store.

TO WHOM IT MAY CONCERN

We wish to state that the so-called Captain or Adjutant John H. Turner of the Good Samaritan Army, although a former member of the local branch of "The Salvation Army, Incorporated" has had no official recognition from "The Salvation Army" for some considerable time past.

"The Salvation Army, Incorporated", does not solicit funds, but twice yearly, viz: At their Annual Self Denial Effort in the Spring, and for their Annual Drive for Yearly Budget.

dere bill,

a lot of folks are hunting for a name to call our lake, and I care not what they call it just so it ain't a fake; but no matter what they call it no one should be to blame, for they say a rose would smell as sweet by any other name; that there is nothing to a name, has often been surmized, and i admit that such is true — UNLESS IT'S ADVERTISED.

Yours truly,
JACK.

BUSINESS PROPERTY IS IN GREAT DEMAND

MANY CHANGES IN OWNERSHIP MADE RECENTLY

List Shows Occupants and Owners of Buidings On the Public Square — Real Estate Market Very Active.

Very few days pass now without the sale of Jacksonville business property being recorded. The fact is that there is more activity now than has been true in a long time past and there is no question either but that property values have advanced. A number of sales have no doubt resulted from the fear of the tenants that they would be unable to renew their leases at the time of expiration. In other instances the sales show general business activity and the fact that persons are looking about for profitable investments.

In a number of instances where property in the business district has changed hands in the past few months, the new owners have had opportunity to sell their holdings at a considerable advance. However, this often happens on any real estate market. The sale of a piece of property calls the attention of the public to it and it is usually much easier to make a second sale than was true of the first one.

Because of the changes in ownership which have taken place in comparatively recent months, there is more than the usual interest just now as to the ownership of property in the business district.

Below is a list of business houses in the public square. The list is compiled from the tax collector's record of 1918 and if is possible that there may be an occasional inaccuracy in the list as it is not always true that the owner of a building personally pays the taxes. A list of other buildings in the business district will be published at an early date. The list below gives the name of the occupant and then the owner of each building on the square.

WHITE HALL VOTES COMMUNITY HIGH

Greene County City Votes Bonds of $150,000 to Build Community High School.

White Hall, Jan. 31.—White Hall voted bonds in the sum of $150,000 for a new community high school at an election held today. The proposition carried by a vote of 851 for and 281 against. There was considerable opposition to the proposition in some quarters but the majority of the voters seemed to realize the need of the school and voted accordingly. The board of education will immediately arrange to advertise for bids for the new building.

CHICKEN PIE SUPPER AT LITERBERRY

Class 6 of Literberry Christian Sunday School Gave Chicken Pie Supper Saturday Night—Other News Items.

Literberry, January 31.—The chicken pie supper given by class 6 of the Christian church Sunday School Saturday evening was a most successful event. The attendance was very satisfactory and the ladies took in more than $65 during the evening. The eatables served were most excellent and the serving was faultlessly done. The class officers are: President, Mrs. Edward Ator; secretary, Mrs. J. W. Martin; treasurer, Mrs. C. P. Henderson. The persons in charge of the various articles served were:

Chicken pie—Mrs. J. W. Martin, Mrs. Howard Liter.

Mashed Potatoes—Mrs. McFarland, Mrs. Roach.

Scalloped Oysters—Mrs. C. P. Henderson.

Coffee—Mrs. J. G. Myers.

Ice Cream—Miss Lora Petefish, Edward Ator.

The ladies in charge of the tables were: Mrs. Edward Ator, Mrs. J. S. Hitchens, Miss May Myers and Miss May Martin.

Miss Claudine Ratliff will spend Sunday with her aunt and uncle, Mr. and Mrs. David Blair, in Chandlerville.

Among Jacksonville visitors Saturday were: Mrs. O. M. Petefish, Mr. and Mrs. W. W. Young and daughter, John Young, C. P Henderson, Walter Long and Miss Georgia Liter.

Several Jacksonville residents attended the chicken pie supper given by the ladies of the Christian church Saturday night. Among them were: Mrs. Albert Crum, Mrs. E. J. Henderson, Miss Annabel Crum, Miss Frances Gillis.

ELECTION IS HELD AT WINCHESTER

Five Directors of Community High School Chosen at Election Saturday—D. P. Hollis Breaks Ankle—Other News From Winchester.

Winchester, Jan. 31.—The election held here today resulted in the choice of the following community high school directors: John C. Moore, William Wainwright, George J. Peak, Clarence McDonald and Albert Krueger. The vote polled by the various candidates appears below:

John C. Moore, 947.
William Wainwright, 770.
George J. Peak, 707.
Clarence McDonald, 610.
Albert Krueger, 601.
Joseph Roark, 537.
Roy C. Coons, 532.
W. D. Gibbs, 515.
F. C. Funk, 308.
Mrs. George Smith, 239.
Mrs. David Hainsfurther, 230.

Miss Jessie Rook of Terre Haute, Ind., is a guest at the home of Mr. and Mrs. Fred Neat.

Mrs. J. C. Grout left Friday morning for St. Louis, where she expected to join her husband and from where they will go south for a stay of several weeks.

Mrs. Amanda Six and son returned Saturday to Bluffs after a week's visit here with relatives.

D. P. Hollis of Macomb, who has made a trip to Winchester every two weeks for the past four years to instruct the extension class, had the misfortune to break his ankle last wek and so will be unable to visit the city for some time.

Misses Winifred and Bessie Pieper were visitors in White Hall Friday.

George Stewart, who has been confined to his home on account of a recent accident, is now ill with the grippe.

Charles Burdick, wife and little son are ill with influenza.

PLAN FOR SUNDAY SCHOOL UNION IN CITY

Meeting Will be Held at First Baptist Church Monday Evening—Addres by the Rev. J. Merle Stevens of Peoria.

Ministers and Sunday School superintendents of the Protestant churches of the city will meet at First Baptist church Monday evening to perfect a Jacksonville Sunday School union.

The union will be perfected after the Peoria plan. It provides for a meeting each month in some central location when luncheon will be enjoyed and the business of the union transacted.

Supper will be served at 6:30 and will be followed by an address by the Rev. J. Merle Stevens of Peoria. Mr. Stevens has been located in Peoria for the past fifteen years and is familiar with the plan of organization of the Peoria body.

The committee from the ministers is composed of Rev. A. A. Todd, Rev. W. H. Marbach and Rev. M. L. Pontius. The Sunday Schools are represented in the organization by their respective superintendents.

WILL ESTABLISH A FUNERAL HOME

W. W. Gillham Purchases the Dr. Kopperl Property — Extensive Betterments Planned.

There have been rumors for some time that W. W. Gillham had purchesed the West State street property of Dr. G. H. Kopperl and the story of the sale was confirmed yesterday by both parties to the transaction. The tenants in the building were recently given sixty days' notice as Mr. Gillham at that time intends to begin making extensive betterments.

The improved property will be the Gillham funeral home and the owner will move his undertaking establishment there from the present location, 236 West State street, where he has been for twenty years.

Mr. Gillham intends to cover the building with a brick veneer which will give a substantial effect and numerous interior changes will be made. A room will be added on the left side at the front taking inwhat is now the porch. The funeral parlors will be the rooms at the east side of the building appropriately furnished for the intended use. On the other side of the hall there will be private and general reception rooms, together with the office. Further back will be the morgue and preparation rooms.

The upstairs apartments will be used for display purposes and caskets will be kept there. While all plans are not complete, it is likely that a storage room and a garage will be added to the north side of the building. A driveway will be run along the east side and cars can approach the funeral home in this way. Pedestrians who enter will use the main entrance at the south.

The arrangements will be such that there will be all desirable privacy when a funeral is in progress, and still business can be transacted as usual in the office and rooms on the west.

As indicated, Mr. Gillham's plans have not been fully made, but in a general way the improvements and changes will be of the kind indicated. However, the plans are far enough matured to make sure that the funeral home will be entirely modern and up to date and a credit to Jacksonville.

Mr. Gillham came to Jacksonville twenty years ago and established his business at his present location in a building owned by Mrs. Ella Bradish, and that the business has grown in a way gratifying to the proprietor in passing years is indicated by the large investment he is now making.

The property which Dr. Kopperl has owned thru a period of years was for a long period the home of the late Col. E. C. Kreider. Dr. Kopperl used it at first for his own office and residence and subsequently established a number of suites and the building has all along been a profitable investment for the owner.

GOTTA MOVE

Wanna house—now. If you have a small house preferably modern, call Bell 436 today or tomorrow, or address a note to "A. House" care of Journal.

MEDICAL CLUB MET WITH DR. C. E. COLE

The Jacksonville Medical club met Saturday with Dr. C. E. Cole at his residence on West College avenue. The club discussed the condition of influenza in Jacksonville. The discussion developed the fact that there has been a big increase in the malady in the past ten days. It was emphasized that all cases should be kept quiet for some days after recovery to prevent complications. Following the discussion, Dr. Cole served refreshments.

HUNT DUCKS NOW BY PLANE

Nebraskans Use Sport Methods Banned in Many States

From the Omaha World-Herald.

Time was when the festive mallard had a fighting chance with the huntsman. In Nebraska for years hunters have hidden in the passes of the sandhills, in the tulles of the lakes and in various sequestered nooks, to await the advent of the green-necked bird, but now has appeared the full fledged, honest-to-goodness flying duck hunter, who stalks his prey by land, water and air.

J. C. Haarman, with A. J. Nielsen as pilot, left Omaha a week ago for the sandhill lakes in a plane, with which Nielsen has been making exhibition flights for the last three months, and went to Ainsworth in the heart of the sandhill lakes country.

"Just ran a flock of mallards into a rain cloud, but got two before they could get away," Haarman wrote to a friend in Omaha a few days later.

To those who may be skeptical as to the success of such a venture, the results of the hunters' trip speaks for itself. With F. A. Baldwin, merchant of Ainsworth, and T. E. Ritter, a banker of that city, they bagged seventy-one ducks in two days. Each of the four men used the plane.

Sandy Griswold, who has taken advantage of most of the methods used in hunting ducks, says: "As novel and thrilling as this aerial duck shooting must be—literally on the wing—there would be little chance for much indulgence in it. While it sounds impractical to pursue and shoot flying birds in a plane, it has been proved to be altogether practical.

"Already such shooting has been prohibited by law in many states and propably will be in all before long. But the airplane as a means of transportation for hunters to inaccesible places before many years will be just as much a part of the up-to-date hunter's equipment as a ducking boat. As game continues scarcer and ducking places more inaccessible, where is there any conveyance that will transport the huntsman as quickly and directly as an airplane? The danger lies in the possibility that migratory birds may soon be pursued by migratory hunters who will shoot them out of existence."

Troublesome Diseases of Hogs.

At the farm advisors conference at Urbana, Dr. R. A. Craig of Purdue, and Dr. Robert Graham of the University of Illinois, gave a very interesting discussion of "The Troublesome Diseases of Hogs." A person who formed an opinion of hog cholera and swine plague a few years ago may find it necessary to revise his opinion when he hears these subjects discussed by men who are carrying on research work.

There is a general agreement that the sick hog does spread cholera. It is generally agreed that the disease can be controlled thru prevention. The investigators have demonstrated that virus may live in the yards for sometime. In research work at Purdue they have found that virus will live four days in sterile soil, and three days when mixed with blood or urine. A hog that has passed thru hog cholera will not spread infection amongst pigs.

Swine plague hemorrhage septicemia, and the "flu" are one and same thing. Dr. Craig states that men do not really know much about this disease. Dr. Craig further stated that hog cholera does not always exist in the same form that it seems to have changed its character as a result of vaccination, and that he has lost confidence in his ability to diagnose cases. Certain lessons cammonly counted as prima facie evidence of hog cholera may be present in other cases. There is no danger of human beings catching the "flu" from hogs.

Many hog's diseases are filth diseases and can be prevented by sanitation. Hogs require good quarters. It is a good plan to move yards year after year. Yards may be disinfected by spreading lime or burning straw over them. Dr. Craig recommends taking hogs out of the yards two or three months in the year and planting them with some crop. He also recommends the addition of lime to our standard spray when disinfecting buildings so as to show where the spray had been applied.

Dr. Craig's book is on the shelves of the Jacksonville public library.

Income Tax Blanks.

A supply of blanks for income in excess of $5,000 has been received at this office. We expect a supply for incomes under this amount about February 15. A man must not use the blank for the larger income in reporting one smaller. Farmers are not expected to file a "schedule of farm income and expenses," form 1040F, unless actual physical inventories were taken at the beginning and end of the taxable year and their books kept accordingly. Estimated inventories are not acceptable, and those who file on such basis will be called upon to revise their returns to conform to a cash receipt and disbursement basis.

J. L. Pickering, collector of internal revenue, advises taxpayers to keep a copy of their return for future reference, and encourages them to pay their tax in full when submitting the original return that future annoyance as to payment of tax may be avoided.

Cure all Remedies.

Occasionally someone asks the county agent what has become of that suit against the company whose remedy killed hogs. This remedy was seized at one time by the United States department of agriculture because it was branded so as to deceive. While making an investigation for the directions for feeding, placed inside of the sacks, it was found that a company had made a decided change in the feeding directions since complaints were first made against it. Finally it was found that this company was not a corporation, but really consisted of one man who could not be sued in this county, and whose assets were hardly large enough to warrant going to Chicago to sue. It is an old saying, "That we cannot get blood out of a turnip," and it looks as though it were true in this case.

At a recent conference in Urbana, Dr. Graham, urged county agents to fight cure all remedies. In many cases these are injurious. Dr. Graham emphasized sanitation and said nothing could take its place. He believes in exploding the mystery of medicine. Finally the experiment station at Purdue investigated twenty-two cholera cures and found them all fakes.

PUBLIC SALE

40 head of cattle, 35 head of sheep, 80 head of hogs, 24 head horses and mules, hay, grain and implements, Feb. 5, 10 a. m., 2 miles east of Woodson, 9 miles southeast of Jacksonville. Harry A. Tarzwell.

HARMLESS SUPERSTITIONS

From Columbus Dispatch.

Everybody is superstitious and it is all right. At least it doesn't do any harm, which is the same thing. It is possible, for one to carry his superstitions too far, perhaps; where superstition interferes with one's enjoyment of life, or robs him of something in the way of contentment, it may not be well. But it doesn't work that way very often. Generally our superstitions are trival and do us no harm.

To carry a coin in the pocket for luck; to comment about seeing the moon over the left shoulder; to believe that it is bad luck to turn back; to make a wish at the appearance of the first star of the evening; to suppose it is not well to break a mirror, which it isn't well to do; to give heed to the thousand and one little superstitions which are entertained by the people, does no harm whatever. They are all part of the complexities of life, if you please and if we didn't entertain them, why we might be worrying about somthing else.

But the point is everybody is superstitious, regardless of what he says about it. He may not really know that he is superstitious; he may be honest in believing that he is not. But the fact remains that superstition was bred into the race away back in the jungle, where little was understood, where importance was attached to the shape of the clouds; where trees and stones and mountains and rivers had a personality—and we can't get it out of the system. So we might just as well indulge in the small talk that superstitions involve as to spend our time in criticizing somebody.

KEPT DISGRACE FROM JOHN L.

Fighter's Plea for Nephew Touched Roosevelt's Sense of Humor

As an example of Theodore Roosevelt's humor, Lawrence F. Abbott in his recent book, "Impressions of Theodore Roosevelt" (Doubleday, Page & Co.), cites a story from the colonel's autobiography, explaining that the prize fighter referred to therein is the late John L. Sullivan. The passage follows:

"On one occasion one of my prize fighting friends called on me at the White House on business. He explained that he wanted to see me alone, sat down opposite me and put a very expensive cigar on my desk, saying, 'Have a cigar.' I thanked him and I said I did not smoke, to which he responded, 'Put it in your pocket.' This I accordingly did.

"Having thus shown at the outset the necessary formal courtesy, my visitor, an old and valued friend, proceeded to explain that a nephew of his had enlisted in the marine corps, had been absent without leave and was threatened with dishonorable discharge on the ground of desertion. My visitor, a good citizen and a patriotic American, was stung to the quick at the thought of such an incident occurring in his family and he explained to me that it must not occur—that there must not be the disgrace to the family—although he would be delighted to have the offender 'handled rough' to teach him a needed lesson. He added that he wished I would take him and handle him myself, for he knew that I would see that he 'got all that was coming to him.'

"Then a look of pathos came into his eyes, and he explained: 'That boy I just can't understand. He was my sister's favorite son, and I always took a special interest in him myself. I did my best to bring him up the way he ought to go. But there was just nothing to be done for him. His tastes were naturally low. He took to music!'

"What form this debasing taste for music assumed I did not inquire; and I was able to grant my friend's wish."

CLOSING OUT SALE

Feb. 10 (Tuesday), horses, cows, hogs and implements.

C. W. CULLY.

PLANS UNDER WAY FOR DISTRICT TOURNAMENT

Principal Hopkins Receiving Word From Schools Saying Many Will Attend if Rooms Can be Secured—Committee Appointed to Take Charge of General Arrangements.

If rooms can be secured for visiting students, indications are that the attendance at the coming district tournament will be the largest in history.

Principal Hopkins has been writing letters to schools in the district relative to the sale of season tickets. The replies he has received indicate that many students will accompany their teams if they can secure rooms.

In order to meet this condition and to assure a record attendance, Mr. Hopkins has appointed a committee on general arrangements for the tournament. This committee is composed of Mr. Baird of the faculty, Russell Arter and Frank Cohen.

This committee will appoint sub-committees to take charge of the various details pertaining to the tournament. Among these is the securing of rooms. The committee will canvass and find out who will rent rooms during the tournament. Any having rooms they are willing to rent will please notify some member of the general committee.

Committees also will be appointed to meet all trains and escort the visitors to their hotels or rooming houses.

The refreshments concession has been granted to the Camp Fire girls who will sell lunch during the tournament. The score card privilegese will be handled by the committees.

R. T. Cassell

No. 8 West Side Square

Story's Exchange, Loans and Insurance, Real Estate

Time was in England when men, with no land, had iron collars welded around their necks, and were slaves to their masters—the land owners.

Looks as though we are headed that way in the old U. S. A.

Our land has doubled in value nine times in 90 years—an average of once in ten years. Who can say it will not double in the next ten years? You don't think so? Neither did you think so ten years ago, but it has. I know men who have hoarded their money 20 years waiting for land to get cheaper, and have seen values double twice, and still advancing. The reason is plain: 120 million people where there were once 5 millions, and no more land now than then. Fifty men want the same farm—only one can have it.

Every farmer should "salt down" a piece of land somewhere. Use your money and your credit—your neighbor has money to lend, and wants to lend as bad as you want to borrow. BUY LAND WHILE YOU CAN—IT WILL BE HERE WHEN GABRIEL BLOWS HIS HORN, and you can say that of no other investment.

(a) 340 acres, well improved, nice home, $125 per acre.

(b) A nice little farm of about 40 acres at the edge of town and well improved for $250 per acre. Don't quit farming, buy it.

(c) Not much more than a stone's throw from the city we offer a high class farm, rich soil, good house, barn, etc., for the price of a good farm ten miles out. You can move to this within ten days, and it is a splendid buy. Let us prove it.

SUBURBAN PROPERTY

The best investment for a man of small means—a few acres where you can market every dime's worth.

(a) Four acres, ideal location, new house, barn etc.

(b) Ten acres, excelent soil, rich as cream, lots of fruit, good six rooms house, large barn, in fact a young farm complete, and offered worth the money. You should hurry in and see this one.

To be sure, March 1 or sooner on all these.

HOUSES

For two families who want to be near each other, we offer two homes on adjoining lots. Good medium sized houses at medium price.

We have a prime home in the best part of the west side, complete in every particullar, sleeping porch and all—only $6000.

See the new six room bungalow near State street at $5500. Slate roof, open grate, oak floor—You'll like it.

WM. BARR BROWN, Chairman

MOVEMENT FOR RETURN OF OLD TIME DANCES

Nation-Wide Effort Underway to Substitute Jazz Steps With Dances of Years Ago.

NEW YORK—Old fashioned, keep-your-distanc dances, are to displace the modern jazz steps, if the nation-wide reform movement undertaken by the American National Association of Masters of Dancing proves successful. The dancing masters, it is announced here, count upon the support of mothers, fathers, daughters, sons, dance hall proprietors, dancing teachers and hostesses—and if necessary the police department—to exterminate the "half Nelson," "body hold," "shimmy lock" and other imported ballroom grips which are practiced by some dancers. Cheap and vulgar music is also to come under the ban and, according to a circular just issued by the association, those in charge of community or public dances are urged to show their opposition to undesirable dances by distributing "You will please leave the hall" cards to those who persist in offending.

The women, it is charged, are often as much to blame as their partners and, in some cases, dance hall proprietors are advised to pick out ten or a dozen objectionable couples and, if a warning is disregarded, to oust them at once.

"You will soon see," the circular reads, "that you have raised the standard of your establishment and that the loss will be more than made up by double the number of persons who have respect for you and your dances."

Some of the rules and regulations which all are urged to obey follow:

"Dance music should be bright and cheerful, properly accented and the phrases well divided. Cheap, vulgar music of the extreme 'jazz' type invites cheap, vulgar meaningless dancing. It is useless to expect refined dancing when the music lacks all refinement, for, after all, what is dancing but an interpretation of music?

"The association has adopted the following tempos, it being impossible the masters say, to regulate fast dancing:

"Waltz—48 measures to minute.

"Two-step — 54 measures to minute.

"One-step — 40 measures to minute.

"Fox trot—40 measures to minute.

"Dancers should assume a light graceful position," says the masters. "There should be no jerky, half-steps for these cause undesirable variations. Partners should not dance with cheeks close or touching nor should the clasp be tight. 'Neck holds' are positively unpardonable. The gentleman's arm should encircle his partner's waist, his hand resting lightly just above the waist line. The lady's left arm should not encircle her partner's shoulder or neck.

"Steps or movements that cannot be controlled should not be taught by dancing teachers. Short side steps, first right, then left, when done continuously, are not conducive to refined dancing and should not be permitted. 'Shimmy dancing,' a shaking or jerking of the upper part of the body while taking short steps or standing still, should not be tolerated.

"The proper dancing step should be the same as a natural walking one except in exhibition dancing, which properly belongs to the stage, not the ballroom. Exceptionally long or short steps are not in good form.

"Dancing should be from the waist down, not from the waist up. Copying of the extremes used on the modern stage is in bad taste. Remember that the majority of dancers desire to dance according to the best accepted standards, that is, without the slightest trace of offense to dignity or decorum."

Better Bread means Better Health

The introduction of Federal System of Baking has been a virtual health crusade in this city. We are making a more wholesome loaf of bread and purer pastries than was possible to produce under the old way of baking. We are convinced that the citizens of Jacksonville realize and appreciate our efforts along these lines. The liberal patronage we are receiving testifies to this.

Remember our Bread, Rolls, etc. may now be obtained at any of the ECONOMY STORES and VANNIER'S

TO RAISE FRENCH BIRTH RATE

Conscription of Childless Women For War Service a Suggestion.

From the Literary Digest.

A populous and growing Germany still faces a France of stationary population across the Rhine. Many plans have been suggested in France to remedy this perilous situation. A clever idea is proposed by Dr. Edward Toulouse, one of the most widely known French specialists in diseases of the brain and nerves, in a recently published book reviewed in the Journal of Heredity (Washington).

Dr. Toulouse's idea is to conscript childless women to take the places of men in the industries in wartime, making more men thus available for military service. Exemption from this conscription, and also the amount of service under it, would depend on the number of children. Having thus put a premium on offspring, Dr. Toulouse expects that the number of children would rapidly increase.

"In this way woman will be pushed toward maternity by a force with a different compulsion than that of taxation," says the French physician. "Obliged to perform a service that is noble, beautiful, equitable, but in practice disagreeable, or to bear children, she will be naturally led to seek maternity. And in doing this she will not fear putting herself into a position of inferiority, for from the social as from the military point of view procreation is more useful than an auxiliary service in the army.

"Similarly the husbands will rather make their wives mothers than send them into military service for two years. This method of preventing depopulation will be efficacious; and it will be only justice to make it serve the military interests of the state, which are particularly endangered by race suicide."

American Legion dance, K. C. Hall next Wednesday evening, 8 to 1 o'clock. Big union orchestra.

Your attention is called especially to bargains in odd pieces of furniture, all remnants and broken lots.

ILLINOIS COLLEGE WINS TWO GAMES

Varsity Defeated Lincoln College and Seconds Won from Franklin Indees—Games Were One Sided and Illinois Did Not Show True Form.

Coach Harmon's Varsity and Second Team won a double headed at David Prince gymnasium Saturday evening.

The Varsity defeated Lincoln College by a score of 45 to 21 The second team took the Franklin Independents into camp by a score of 42 to 23.

Neither game was fast or spectacular except the latter part of the varsity game. Illinois did not seem to be trying and in the first half let Lincoln stay reasonably close.

In the second half Harmon sent in Cully and Antrobus but the varsity played nearly ten minutes before being able to negotiate a basket. Then after being apparently asleep the men suddenly awakened from their trance and shot baskets so fast that they piled up quite a bunch of points. In this interval Illinois looked good enough to beat anybody.

In the game between the Franklin team and the Seconds the Seconds had the condition and had the visitors puffing like porpises before the game was over.

If Illinois will get the same pep at the start of the game that she showed at the close last night she has a chance to beat anybody. Millikin plays here February 16th, and it will take the best Illinois has all the time to win. However, if she plays her best game she can win from Millikin.

The scores:

Illinois:	F.G.	F.T.	Tls.
Barnes, f	1	0	2
Cully, f	3	0	6
Frazer, f	2	0	4
Antrobus, f	3	0	6
Tomlinson, c	10	1	21
Jones, g	1	0	2
Andrew, g	2	0	4
Totals	22	1	45

Lincoln:	F.G.	FT.	Tls.
Smith, f	1	0	2
Merry, f	5	5	15
Shroyer, c	0	0	0
Alberta, c	0	0	0
Weindorf, g	0	0	0

LEGISLATIVE COMMITTEE

Louis Bosemenio, grand exalted ruler of the state association of the B. P. O. E., has appointed Hon. F. L. Sharpe, of this city, chairman of the legislative committee of the organization. The committee includes a number of well known names in the ranks of the order, Paul A. Dratz, of Harvey; Henry Stottler, of Benton; F. G. Hall of Galesburg, F. W. Goudy of Pekin; H. Graham, of Freeport and George J. Cline of Streator. The selection of Mr. Sharpe as chairman of such a committee is a high compliment, well deserved.

American Legion dance, K. C. Hall next Wednesday evening, 8 to 1 o'clock. Big union orchestra.

NAMING THE NEW LAKE

Editor Journal:—

An appropriate name for the lake I would suggest the name Eureka. That the citizens of Jacksonville have found a way by having this lake to make a better and cleaner city, with an abundant supply of water. The drive might also be called Eureak Drive, as it will be a new found pleasure for the people of this city and vicinity.

This name Eureka would convey to the stranger that Jacksonville had at last, found something for its betterment.

TO ORGANIZE CITY FOR Y. W. C. A. DRIVE

Mrs. L. W. King Chairman of Committee — Central Illinois Conference to Be Held in Springfield Next Thursday.

Announcement was made yesterday by Miss Mary Wadsworth, county chairman for the Y. W. C. A. special campaign, that Mrs. Lillian W. King has been appointed as chairman of the city committee with Miss Ethel Wylder as assistant. The workers for the several wards are now being chosen and their names will be given at a later time. On Feb. 6 a conference will be held in Springfield of the county chairmen from all Central Illinois. Miss Grace Dickson, who is in charge of the Illinois campaign will be the principal speaker. It is the hope that precinct chairmen and many of the workers from this county will be able to attend the conference and receive its inspiration.

Already a great many volunteer subscriptions are being received and Miss Wadsworth said yesterday that the outlook is indeed very favorable. The message was received from headquarters that whatever money is raised above the county's allotment of $1,200 can be reserved for work of a local Young Woman's Christian association.

R. S. M'KINNEY HAS SALE ANNOUNCED

Pure Bred Poland China to Be Sold February 11—Great Boars Head Herd.

R. S. McKinney has announced a sale of pure bred Poland China hogs to be held at Oak Crest farm, his home, seven miles west of Jacksonville, Wednesday, Feb. 11. Mr. McKenney's announcement of the sale appears elsewhere in this paper and gives facts about the notable offerings. The present condition of his herd is due to his judgment and willingness to pay the price for great herd boars. The list includes beside Big Western, grand champion, Yankee Doodle, Fessey's Giant and Col. Woods.

Yankee Doodle was sired by Yankee and Yankee Doodle and the Pilot were litter brothers. Pilot was a grand champion in 1919. Yankee Doodle was picked for Mr. McKinney from the herd of Williams Bros., of Valesca, Ia. The selection was made by Charles E. Lyden, of Manning, Ia., a national authority on Poland China stock and was his choice from a herd of 36. Yankee Doodle is a litter brother of Nobleman, owned by Monroe McCoy & Son of Valesca. Yankee Doodle is out of Mammoth Lady V, a sow weighing nearly 1,000 pounds.

Fessey's Giant was sired by F's Big Jones, owned by Henry Fessenmeyer of Clarinda, Iowa, the grand champion boar of the Iowa state fair in 1919, shown in a class of 20 aged boars at the largest Poland China show ever known in the State of Iowa. This boar was the largest and longest over sired on the Fessenmeyer farm, age considered, and is out of one of the largest sows of the breed.

Col. Woods is by Liberty Bond, the $20,000 marvel, owned by Lester Glover at Grand View, Mo. He is out of Buster-Over, dam being grand champion at the Indiana state fair in 1917, and on the dam side related to Grand Buster, another grand champion of the Indiana state fair.

Five sows in the offering are bred to Big Western, grand champion of the Kansas free state fair, held at Topeka in 1918. The offering also includes two sows with litters at side bred by Big Surrender, the phenomenal youngster sold at Mr. McKinney's sale Sept. 25. This animal brought at that time $225 and the owner recently refused an offer of $1,000.

In addition to the hog offerings two Senator Bibby ewes, bred to pure bred Ring Leader buck will be sold. There will also be offered 11 Shropshire ewes, seven-eighths pure, and bred to the same buck.

People who bought at Mr. McKinney's September sale have had every reason to be satisfied. A number of purchasers have sold their hogs at a profit and others have refused good offers. Every guarantee made at the time has been faithfully fulfilled.

YOUR FUEL NEEDS

Hard coal, baseburner and furnace sizes; also Carterville coal ready for delivery.

MR. AND MRS. H. B. KAMM RETURN

Last evening Mr. and Mrs. H. B. Kamm returned from their extended journey to the east. Mr. Kamm said at the great national convention of retail shoe dealers measures were taken to alter styles so as to effect a saving in the prices of some kinds of footwear. They greatly enjoyed their entire trip and took in Chicago and Springfield on their way home. Both are looking remarkably well and are pleased with their journey.

D. A. R. WILL HOLD VESPER SERVICES

James Caldwell Chapter Plan Vesper Services for Observance of Washington's Birthday—Will Take Place of Colonial Party — Progress of Tablet Committee Encouraging.

Instead of the usual Colonial party, Rev. James Caldwell Chapter Daughters of the American Revolution will hold vesper services at State Street Presbyterian church Sunday afternoon, February 22 at 4 o'clock in commemoration of Washington's birthday.

These services will be of unusual interest to members and also to the public which is invited to attend. The program will be of a patriotic nature, consisting of anthem solos and patriotic hymns under the direction of Mrs. Barr Brown, Jr. There also will be a short patriotic address.

On February 24, the day for the regular chapter meeting, business of interest to every daughter will come before the meeting..

The work of the tablet committee appointed to secure subscriptions for memorial tablets is progressing in a satisfactory manner. At this time 136 names have been secured.

Among the subscribers are: Miss Laura McDonald, two, for her father and mother; Miss Alice Collins, for her mother; Mrs. Elaenor I. Chambers, for her father, John I Chambers; A. B. Fairbank, of Sioux Falls, South Dakota, for his father, Dr. John B. Fairbank.

Mrs. Carl E. Black, chairman of the tablet committee has received the following letter which will be of interest to chapter members:

Normal, Illinois
January 28, 1920.

Mrs. Bessie L. Black,
Jacksonville, Illinois.

My Dear Mrs. Bleck:—

It was very kind of you to think of me in connection with the enterprise of the Rev. James Caldwell Chapter of the D. A. R., of Jacksonville. I can think of no more beautiful thing your chapter could do than what it is doing. The Duncan home is a fine type of architecture, and is in a good state of preservation. The people of Morgan County could not perpetuate the name and worth of Governor Joseph Duncan in any more appropriate or beautiful manner than your chapter is doing. I am proud of Jacksonville and Morgan county and the friends I have in them.

Very Sincerely Your Friend,
D. C. SMITH.

OBITUARY

Mrs. J. F. Williamson, resident of Castana, Iowa, who died at her home January 20, 1920, was brought to Concord, Ill., for burial. She was born in Cass county, Ill., April 1, 1867, and was one of the five daughters of Mr. and Mrs. John L. Behler, deceased, of Concord, Ill.

In February, 1888, she was united in marriage to Frank Williamson of Jacksonville, Ill.

In the early years of her married life, she moved with her family to Missouri, living there about nine years, and afterward moved to Iowa, where she lived at the time of her death. She is survived by her husband, three sisters, Mrs. E. Needham, Virginia, Ill., Mrs. S. G. Rentschler, Concord, Ill., and Alice Behler, Beardstown, Ill., three children, Harry of Mapleton, Ia., Mrs. E. T. Rees of Council Bluffs, and John at home, and two grandchildren.

The remains were brought to the home of her sister Mrs. S. G. Rentschler Friday, January 23, and the funeral services were held on Sunday, January 25 at the M. E. church at 2 o'clock.

CONSTANTLY ARRIVING NEW SPRING DRESSES, SUITS, SKIRTS, BLOUSES AND MILLINERY ON SALE NOW AT CORRECT PRICES, AT HERMAN'S.

IMPORTANT TRANSFER MADE.

Miller Wier has been signing a deed to some property which has for him unusual significance. It is in Greenville, Kentucky, a place his grandfather helped found in 1798. This property is a corner which has been in the Weir family for more than a century, occupied most of the time with a bank and a store. The agent wrote him that it was a pity that there was not yet some of the Weir name to own the property now but there are no young persons in the entire family to bear the name.

MYERS BROTHERS.

Incubators

The **Klondike** **Incubator**

A Good One

Because--

It has a double glass top with dead air space between the glass which forms a perfect insulation, which retains the heat. By this arrangement, the entire incubator is visible for inspection, and the cardboard cover can be placed over the glass top to darken the egg chamber, as it is a well known fact that eggs hatch better in the dark.

The Klondike system of hot water heating differs from all others, in that it does not use any hot water boiler on the outside of the machine. The heat from the lamp passes thru a copper tube, the entire length of the Incubator. This tube is enclosed in a larger tube, and the space between is filled with water (just like the tube in a steam boiler). This exposes the largest possible amount of water to the heating surface. Our rapid water circulating system insures an even temperature in all parts of the machine.

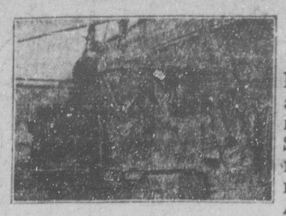

Eight models are made from 120 to 300 egg capacity. We heat one cubic inch of water for every egg in each size incubator.

ZAHN WILL PAY $25 FOR SUITABLE NAME

Huge New Garage to be Built—Wants a Name—Contest Open to Students—Winner Gets $25.

Howard Zahn is going to build another big garage on the "Billy" Sunday lot, and he wants a suitable name for it, a name that perhaps will be a little out of the ordinary yet will be remembered. Mr. Zahn is going to let the school boys and girls of this territory name the new building and will pay $25 cash for the name chosen.

Here is the way to go at it. Think up a name that appears to you to be suitable. There must not be incorporated the name of any make of automobile and the complete name must include that of Zahn so as to show ownership and operation and will distinguish it from the present Zahn's garage on East Morgan street. For your information, the new garage will be run on the same principle as is the present one.

Mail your choice of name, together with the letter giving your reason for thinking the name offered is particularly suitable, to Howard Zahn, proprietor Zahn's garage, Jacksonville, Illinois, at any time betwen now and February 10, 1920.

As the letters are received they will be stamped with date and hour by the time clock at the garage, so that in case of a tie between two or more sending in the lucky name, the first one received will be awarded the prize.

On February 11, 1920, the letters received will be given to a committee composed of Messrs Newman, Hopkins, Waltman, Whalen and Peck, to choose there from the name that the new building shall bear.

This contest is open to all school children in this territory under twenty-one years of age.

Here's your chance for $25 easy money, just for a little thought and the writing of a letter setting forth your reasons for the name chosen.

No person connected in any way with the garage, its owners or employes is eligible in this contest.

The name and letter of the successful boy or girl will be published in the Journal as soon after February 11, as possible.

ENTERTAINED FOR CHAPIN YOUNG WOMAN

Mrs. Sidles and Mrs. Neinheuser Entertain for Miss Margaret Eagan—Good Program Rendered at Christian Church—Other News Notes.

Chapin, Jan. 31.—Misses Carey Campbell and Gertrude Gordon visited Mrs. Fred Craven Tuesday and Wednesday.

Henry Edelbrock and wife returned from a sojourn to Hot Springs on Wednesday.

James Anderson is visiting relatives in Sandwich, Ill.

Alden Allen is spending the week-end with home folks.

The Ladies' Aid of the M. P. church held an all day sewing at the home of Mrs. Charles Thomason on Thursday.

Mrs. Sidles and Mrs. Nienhueser entertained for Miss Margaret Eagan on Wednesday evening at the home of Mrs. Nienhueser. Progresive "Rook" was played during the evening and Miss Helen Sidles entertained the guests with several readings. The company presented Miss Eagan with a sterling knife. Refreshments were served during the evening. The guests departed at a late hour after having spent a delightful evening.

On Friday evening the following program was given at the Christian church.

Song—America.
Scripture—Read by Tom Stone.
Prayer—Rev. C. G. Cantrell.
Music—Orchestra.
Reading, "Mrs. Snodgrass Reads the Locals"—Mrs. Fred Craven.
Music—Male Quartette.
Piano Duet, "Coming of the Band"—Myra Bobbitt and Lucile Baker.
Musical Reading, "Apple Blossoms"—Mrs. Fry.
Duet, "Wandering Night Song"—Mrs. Lutie Eiler and Mrs. E. J. Taylor.
Reading, "Cooley's Boy"—Kathryn Fry.
Pantomime Song, "My Faith Looks Up to Thee"—Myra Bobbitt and Helen Omar.
Music—Male Quartette.
Music—Orchestra.
Dialogue, "The Census Taker."
Song, "Blest be the Tie."

LONG TIME RESIDENT OF CASS COUNTY DIES

Mrs. David Cavender Passes Away at Home in Virginia—R. C. Schell to Open Garage—Other News of Interest.

Virginia, Jan. 31—Funeral services for the late Mrs. David Cavender were held from the M. E. church at 2:30 o'clock Friday afternoon, Rev. N. M. Rigg, pastor of the church, officiating. Interment was made in Walnut Ridge cemetery. The services were attended by a large company of the relatives and friends of the deceased who desired to pay this last tribute to her memory.

Mrs. Cavender died at the family home here Wednesday evening after a long illness. Elvira Denney was born in Cass county about sixty-nine years ago and was united in marriage to David Cavender in early girlhood. She is survived by her husband and two daughters, Mrs. George Welch of Springfield and Mrs. Albert Rexroat of Plainsville, Ia., together with several grandchildren.

Mr. and Mrs. Cavender had but recently retired from farm life and purchased a residence in this city. The many friends of the family unite in sympathizing with the bereaved ones.

Mr. and Mrs. R. A. Garner of Chapin will arrive today for a week-end visit at the home of Mr. and Mrs. Jas. W. Garner.

David Cavender is quite ill at his home in this city.

Master Albert Long returned to Springfield today for hospital treatment.

Mr. and Mrs. J. C. Daniels have moved into their new home on North Front street. Mr. and Mrs. John Yaple has purchased the residence Mr. Daniel vacated.

The Illinois Business College basketball team of Springfield played the Virginia Independents at the High School gymnasium Wednesday evening. The visiting team was defeated. The score being 21 to 5 in favor of the Independents.

Mr. and Mrs. Edw. Chamberlain accompanied by Miss Mollie Cleary expect to depart for their home in Dow City, Ia., Sunday. They were called to this city a few weeks ago by the illness and death of Mrs. Chamberlain's mother, the late Mrs. Martha Henderson.

DORWART'S

OUR REPAIR DEPARTMENT IS GROWING

This is due to two causes. First, the cost of new furniture is much greater. Second, we are doing this class of work at prices that you can really afford. It is really a paying investment.

A set of six dining chairs can be refinished and put in first class order at as cost of as low as **$4.00**
A new seat can be upholstered in a rocker for **$1.50**
A well worn rocker can be refinished for as little as **$1.25**
A dresser can be refinished for a small sum, say **$4.00**

These prices are only to indicate the small cost of putting pieces in good order. We are alweys glad to buy used furniture, but our chance of selling at a profit depends on our ability to make the goods look usable and attractive.

This advertisement is to impress upon you that you can have good looking furniture without buying new at a cost that is insignificant compared with the result you obtain. And further, this is the time of the year to have this work done right and at the lowest price. Don't wait until spring when everyone is busy.

We have the usual stock of bargains. Space does not permit our usual list this week.

"Give Me a Quart of Oil"

A Careless Request That Invites Costly Penalties

You drive up to a garage. The garage man comes out. "Give me a quart of oil," you say. The "quart of oil" is poured into the reservoir. You drive on. You think you have amply protected your engine. But have you?

One of the surest ways to invite friction-drag, engine trouble and excessive gasoline consumption, is to say, "GIVE ME A QUART OF OIL."

"Give me a quart of oil" invites Power Loss.
"Give me a quart of oil" increase Gasoline Bills.
"Give me a quart of oil" invites Carbon Deposit.
"Give me a quart of oil" invites Noise.
"Give me a quart of oil" reduces Second-Hand Value.
"Give me a quart of oil" invites Wear of Bearings.

How to Secure the Correct Oil for Your Car

Say "Mobiloil"

and your troubles are over—or, rather, they never begin.

MAY USE CEMETERY FOR PLAYGROUND

White Hall Citizens Will Ask City Council to Make Children's Playgrounds of Old City Cemetery — Fight on Community High School Grows Hot.

White Hall, Jan. 29.—Abandonment of the old city cemetery and converting the site into a children's playgrounds will be brought before the city council at the regular February session next Tuesday night. The last burial in the old cemetery was that of William Bateman, a veteran of the civil war, whose grave now bears no mark except that the name was restored in late years by the caretaker, Byron Terhune.

A number of bodies have been removed to the White Hall cemetery in recent years, and the graves that remain in the old cemetery, except in a few instances, have no one to care for them, and only a few years ago the grounds were in a fearful condition from neglect, being cleared and placed in presentable condition by Byron Terhune. It is believed that the city will act in the matter of notifying all interested in any grave to see that the remains are removed therefrom and the grounds then put in shape for a children's playground as part of a city park system.

There are in the neighborhood of two acres of ground within the eficlosure. The city would be interested in the preservation of the historic grave of Jeremiah Lemborn, and have his remains taken to the present cemetery. The subject is in the hands of Alderman Frank R. Caldwell of the second ward, and he will call it to the attention of the city council.

School Election Grows Hot.

The attitude of the local press community high school, which comes to a vote next Saturday, has caused the board of education to issue a special statement in circular form as to the merits of the proposition, and to what extent the tax will affect land within the district. No objections are coming from other classes of property owners, and the agricultural element is divided for and against.

The issue next Saturday will determine whether bonds in the amount of $150,000 on easy annual payments covering a period of twenty years, or whether the funds must come from direct taxation at a maximum rate that will provide the necessary funds in the shortest time. A board of education has already been elected, and they are vested with the authority and the duty of providing the school facilities. The levy already made for this year is 66 cents on the $100 of valuation. The opposition in the face of this is claiming that the tax levy will ge $6.00 on the $100 of assessed vaulation.

White Hall for Good Roads.

Guy Lowenstein, division treasurer of the Mississippi Valley Highway association, comes right back at the recent criticism of Secretary H. C. Wilhite that White Hall lacks adequate good roads sentiment in its interest in the recent meeting for te organization of a local club in behalf of the Great North and South highway.

Mr. Lowenstein says that members are being signed as rapidly as he has time to see the citizens, and that the words of C. B. Stahl, head of the big factory interests here, "Save your talk for the next fellow; I am in for anything to bring about better roads," reflects pretty well the sentiment at White Hall for good roads. Under the circumstances Mr. Lowenstein has secured a membership of over fifty for a local good roads club, and that he will exceed a hundred just as soon as he has time to interview that many citizens. He makes this showing in refutation of the attitude of Mr. Wilhite toward White Hall, and it speaks strongly for itself.

Dr. H. A. Ignatius has completed his engagement as private physician to George E. McClay, and has gone to Chicago. This may have a discouraging effect on the local hospital plans. Dr. Ignatius is a native Amenian, and may go back to his native country in a couple of months on account of the distressing conditions, his sister being murdered recently rather than enter a Turkish harem.

WIRELESS COMMUNICATION WITH OTHER PLANETS?

WASHINGTON, Jan. 29.—If wireless messages are being received from some other planet as suggested by William Marconi, it it not Mars sending the signals, but most probably Venus, says Dr. C. B. Abbot, director of the Smithsonian Astrophysical Observatory.

Dr. Abbot makes no claim that the signals come from another planet but says if they do Mars is eliminated as a possibility because known conditions on that planet probably would not permit existence of any form of life.

"In the first place," he says, "on account of the greater distance, nearly two and one half times radiation from the sun reaches Mars than the earth. It is probably nearly 100 per cent colder on the average on that distant planet than on the earth. In the second place even if any form of life could withstand that degree of cold, it is known that there is practically no water vapor in the atmosphere surrounding Mars which crosses out the possibility of that planet's supporting any vegetation or other form of food.

"Polar Caps seen on Mars may be either hoar frost from the minute traces of water vapor in the atmosphere, or frozen carbonic acid gas. The so-called 'canals' of Mars are non-existent except as indefinite markings according to telescopic observers, who have observed with great telescopes under well nigh perfect conditions.

"But, it is objected, there may be other strange forms of beings which need no water or vegetation or heat. This is also reduced to impossibility by the fact that all living things are made up largely of different compounds of carbon. The extremely low temperatures on Mars would not allow the carbon compounds to exist in a condition suitable for originating life.

On the Planet Venus

"The planet Venus, on the other hand, shows every condition necessary for maintaining life. It is nearly the same size as the earth and is nearer the sun. This would apparently make the climate considerably hotter on Venus except that the atmosphere surrounding Venus is continually cloudy. This cloudiness, by reflecting radiation from the sun reduces the temperature to about that as on the earth. This cloudiness also shows a sufficient amount of water vapor to support vegetation and higher forms of life on Venus. As regards the possibility of receiving wireless messages from another planet, Venus at its nearest approach to the earth is 25,000,000 miles away, whereas Mars is at least 50,000,000.

"It may be concluded that if any planet is trying to signal the earth it is Venus, and not Mars."

He concluded by saying that Venus, "may be populated by beings similar to ourselves."

3 Miles East of Chapin and 7 Miles West of Jacksonville

To Fellow Breeders, Farmers and Friends

With an ambition to own and build up a herd second to none, I purchased last fall three of the greatest boars of the Poland China breed, namely: "Yankee Doodle", "Fessey's Giant" and "Col. Woods," to assist the great work of the Grand Champion "Big Western". I believe any boar will breed like himself and his ancestry, that any improvement must come from the co-mingling of superior blood and superior individuals and that the difference between the reallly great boar and the ordinary kind is the difference between **"success"** and **"failure."**

That merit and excellence should be tied to, no matter where found. That to disparage any animal or family because it comes from my place is to short circuit our business and impede progress.

The greatest investment of today is the Poland China bred sow. My offering of Feb. 11 will please the most critical buyer. One or all whether intending to buy or not, will be most cordially welcome.

Gratefully yours,

R. S. McKINNEY

Often a suffering man or woman will ask a Chiropractor what the spine has to do with the health of the body. "Do you think that Spinal Adjustments can help me? I've been troubled with constant headaches and stomach sickness for years, but have been unable to find relief. Will Chiropractic help me?" These and other questions are regularly asked. **Chiropractic offers real hope, because it gets closest to Nature's way in helping the sick to get well and stay well.**

The human body is so constituted that it is unnatural for disease to creep in without cause. The nerve system is designed to give perfect health to all organs and keep them in repair. If through abnormal curvature, joits, strains, falls or wrenches at some time in life, the moveable bones of the spine are displaced, even slightly, they press on these nerves and obstruct the flow of life-energy. Weakness and disease result in the organs that these injured nerves feed. In stomach trouble for instance, the nerves to the stomach are subject to pressure by certain bones of the spine. Thru scientific adjustments

CHIROPRACTIC THE BETTER WAY TO HEALTH

relieves this pressure, normal conditions are restored and Nature builds up the weak and diseased stomach until it is Healthy. The same method applies to other ailments due to pressure on certain nerves. Try Chiropractic (KI-RO-PRAK-TIC) adjustments. Get well and stay well.

JACKSONVILLE -:- ILLINOIS

BUSINESS MEN OF MEREDOSIA ORGANIZE

Permanent Commercial Organization Form'd for Purpose of Planking Wabash R. R. Bridge for Driveway Across River—Other Meredosia News.

Meredosia, Jan. 30.—A number of business men and citizens met at the Ray Hotel Monday evening for the purpose of conferring with one another upon the proposition of planking the Wabash railroad bridge at the place for a driveway across the river. J. A. Hilderbrand was chosen temporary chairman and H. D. Berger secretary. After discussion of those present, the proposition semed to meet their approval and three committees were chosen as follows: First—W. A. Schmitt, Dr. H. H. Hamman and L. F. Berger, to investigate and estimate the cost of the approach on this side of the river.

Second — Wade Irving with power to select two others, to investigate and secure an estimate of an approach on the other side of the river.

Third—C. P. Hedrick and J. D. McLain to investigate the plan and cost of planking the bridge at Hannibal.

C. P. Hedrick and J. L. Tuscher were appointed to solicit members at one dolalr for membership.

A permanent comercial organization was then formed for the purpose of having charge of the general business and financial part of the organization. They were as follows:

President—J. F. Brockhouse.

Vice president—W. F. Roegge.

Secretary and treasurer—H. D. Berger.

After a thoro investigation into the cost of this proposition and an effort made to raise the finance part of it a committee will then lay the plan bofore the Wabash officials for their approval.

The proposition has caused much enthusiasm since the meeting and meets the approval of many and if the plan can be realized it will mean much to Meredosia and its vicinity.

A meeting in the interest of the Anti-Tuberculosis and Public Health Movement was held at the high school auditorium Tuesday evening with a goodly number in attendance. The meeting had been planned by Miss Loving, county nurse and Miss Austin, child welfare nurse of Jacksonville, who had been making frequent visits here locating all suspicious cases of tuberculosis. Dr. Adkins, State Examiner for the Anti-Tuberculosis Society was the speaker of the evening and his address was listened to with intent interest by those in attedance. The following morning he examined a number of suspicious tubercular cases at the high school auditorium.

Mr. and Mrs. James Easley left Friday for Barry to make their home with their daughter, Miss Anna Easley.

Mr. and Mrs. James Chambers and Mrs. Albert Albers of Naples were shoppers in town Thursday.

Mr. and Mrs. William Fricke of Arenzville were among the shoppers from a distance Thursday.

Clyde Williams of near Chapin was a business visitor here Tuesday.

Charles Bollyard has been on the sick list the past week.

J. W. Hampton of Mt. Sterling was attending to business affairs here Thursday.

Edward Cody was a Jacksonville visitor Wednesday.

George James has recovered from his recent illness enough that he was able to walk down town Thursday.

Mrs. Harold Moore of St. Louis visited at the home of Mr. and Mrs. Hugh sargent Tuesday.

Joseph Schmitt returned Thursday from a visit to Jacksonville Roodhouse, Greenfield and Carrollton when he had been to inspect the local chapters of the R. A. Masons.

Mr. and Mrs. George Christianer received word this week of the serious illness of Mrs. Edward Christianer at Grenfield.

Miss Ada Moss has returned home from a week's visit with relatives at New Salem.

Rev. Fred Read left Thursfor Lima to assist in the evangelistic services at the Methodist church at that place.

Mrs. C. H. James and mother, Mrs. Joseph Schmitt were Jacksonville visitors Wednesday.

Mrs. Belle Savage who has been confined to her bed for the past two weeks with illness, is convelescing.

BEFORE "SAND-MAN" COMES

Prepare for a Clear, Bright Day Tomorrow by Taking "Cascarets" for Liver and Bowels

"Cascarets" tonight sure! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head dull and aching and your system full of cold. Your meals are turning into poisons, gases and acids. You cannot feel right. Don't stay bilious or constipated. Feel splendid tomorrow by taking Cascarets before you go to bed. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil, or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.—Adv.

Time to Rebuild

Do you realize you are wasting golden opportunities when you turn the lock on your car and say "That's the last time 'til warm weather."

Let us tell you two things right here.

1st—You can better afford to put your car in proper running order during these idle months than to wait a couple of months when you will need it every day.

2nd—We are equipped for any kind of service your car may require—everything from welding and carbon burning to a complete overhaul.

NOW—Why have that repair work done you have been putting off so long. It may save you a costly bill later. And listen—don't let others experiment at your expense. Our mechanics are skilled and experienced on all makes and specialized on the following: One on the Elgin and Mitchell, another on the Oakland and Overland, and another on the Ford.

If you want good work at a decent price come to us and we will guarantee you satisfaction.

And don't forget that we are equipped in our tire shop to give you service of any sort, from a small quick patch to a complete rebuild.

Kornfalfa Balanced Rations

The man who knows doesn't feed straight grains to his livestock any more. He buys a balanced ration. You must have variety in your feed, but the right variety. You can't be expected to know what makes the best variety for different animals. You haven't time to study and make big feeding tests. THE KORNFALFA FEED MILLING COMPANY does know what's the best variety for different animals. It is their business to know. They have proven to us that they have this knowledge and that this knowledge is in every sack of KORNFALFA balanced rations you buy.

What you want and need for success in feeding is honesty and quality plus knowledge inside the bag, and you get it in these KORNFALFA FEEDS. There is a KORNFALFA BALANCED RATION for every animal on your farm. You will be amazed at the results you get.

What Do We Mean by Balanced Rations?

Simply that the feed fits the needs of your animal. Just enough sustaining food—just enough grow stuff—just enough energy and heat food—JUST ENOUGH. If there is too much of any one there's a waste of that—if not enough there's a waste of all the others. There's a right way for everything. If you adopt the right way you make a success. There's no excuse for your not making a success of feeding, if you read this. Begin feeding KORNFALFA BALANCED RATIONS right now.

What Do These Balanced Rations Cost?

Not nearly as much, when you figure what they do for you, as the things you have been feeding. A little more in some cases when figured by the hundred pounds. But that's not a fair way to figure. Ground corn cobs cost less than corn chops. Are corn cobs better for you on that account? It's results that count. KORNFALFA BALANCED RATIONS are Feeds That Show Results.

FORMFR CONCORD MAN WRITES FROM WEST

Luther Brockhouse Writes in Interesting Way From Denver, Colorado.

The following interesting letter has been received by the Journal's Concord correspondent:

Denver, Colo., Jan. 25, 1920.—S. M. Henderson: Dear neighbor and friend, I will write you a line or two this nice evening. We have been having ideal weather for five weeks. Could not be any nicer.

Well, I will write you a little of the mountains, Denver and the state. Colorado is called the "silver state." There are lots of silver mines here, but that is not all. Colorado is getting to be quite an agricultural state also. During late years they are getting ample rainfall to grow great crops in eastern Colorado. Near the mountains they irrigate.

Land is increasing in price rapidly. They can raise everything we can in Illinois. The stock raised here is as good as we have, for they have gotten their breeding stock from the east to begin with. They held a stock show here last week which was a great success, and a good showing for the state. Governor Lowden spoke to the stock raisers of Colorado.

Now for the mountains. The Rocky mountains are wonderful, and are sixteen miles west of the city. Some of the peaks are covered with snow the year round. Lots of snow means good crops. It is claimed that there is enough coal under these mountains to run the United States for 300 years, but I cannot swear to the truth of that statement.

Pikes Peak lies south of Denver, 74 miles. Up to a few years ago the only means of travel to the top was the "cog road." Now they have a road wide enough to permit cars to meet and pass all the way up. It is impossible to go to the top at this time of the year. Lookout mountain is due west of Denver 16 miles. This is where Buffalo Bill was buried in 1916, at his own request. I have been to the top of this mountain twice. I was up there last Sunday. Lookout mountain is between 8,000 and 9,000 feet high. The top can be reached by car. The snow is kept off the highway by dragging, a number of men being kept busy all the time now.

There are lots of wild animals killed each year near the foot hills. The Denver Post pays $25 a head for mountain lions. So far in January, eight have been brought in. I think I will spend my vacation next summer killing lions?

I think Denver's population is about 300,000. This city has grown to be a "second Chicago," as it covers lots of territory. There are people from all over the United States here, mostly for their health. Denver is a very clean city, as the streets are swept and washed every night. I like it here and intend to stay. Hope you and all the "home folks" are well. Write soon your friend.

The Direction Book with each package tells so plainly how to diamond dye over any color that you cannot make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

BLUFFS BASKETBALL TEAM ENTERTAINED

Mrs. H. C. Corbridge and High School Teachers Entertain Basketball Team Members—S. S. Class to Give Play—Other Notes.

Bluffs, Jan. 31.—Mrs. H. C. Corbridge, assisted by the high school teachers, royally entertained the members of the basketball team at her home Wednesday evening. A four course chicken dinner was served by the hostesses. Covers were layed for ten and clever hand painted place cards picturing Kewpies engaged in the game of basketball, and containing limericks addressed to the individual player, marked the places. The table was lighted with rose colored candles and the colors of rose and white predominated in the menu and favors. Following the dinner, an impromptu program of toasts, with Supt. O. V. Walters as toast master, was enjoyed, and the rest of the evening was spent informally in games and music.

The high school students are making preparations for a box supper, February 7, for the benefit of the basketball team. The team will go to Pittsfield Friday evening for their game there. This will be an unusually interesting game as Pittsfield and Bluffs have long been rivals and this promises to be an unusually close contest.

The grades are preparing a patriotic program which they will present the latter part of next month.

The "Busy Bee" class of the M. P. Sunday school is rehearsing two little plays, "Her Uncle's Boots," and "One Happy Day," which they will present February 11, in Lewis' opera house.

Entire household furnishings for sale at 801 W. Lafayette avenue.

PITTSFIELD TAKES ON METROPOLITAN AIRS

Business Men Organize a Midday Luncheon Club — Will Meet Twice Each Month.

Upon the invitation of a committee appointed for the purpose about eighty business and professional men of Pittsfield gathered around the tables in the main dining hall at Koepping's Tuesday noon and after enjoying a luncheon prepared for the occasion organized a mid-day luncheon club. Ed D. Glandon presided at the meeting.

A constitution and by-laws was presented and adopted. The club will meet every first and third Tuesday of each month for luncheon at which time the business of the club will be transacted. The business session and luncheon will last only one hour and at 12:20 promptly the gavel of the chairman will call the club to order for business. Any speaker exceeding his time will be called to order. The purpose of the club is good fellowship and the promotion of the welfare of the community by discussion and co-operation.

The next meeting of the club will be held next Tuesday at noon at Koepping's at which time the officers will be elected.—Pike County Times.

NAMING THE LAKE

It is quite a problem to find a name just suitable to the great body of water which is intended to beautify and serve its purpose to our community.

I don't want to be pessimistic, but at first I did not put my full stamp of approval on the project for a number of reasons. One of which is, I feared the body of water would be so large and shallow that in a short period of years it would be filled to a great degree with trash and dirt from the surrounding corn fields and seed lots. And then, it would be well enough to call it No Man's Lake. However, we trust that such a thing may be overcome in a great measure.

We might recommend a number of names of small significance such as City Lake or Minnetonka. Now Minnetonka is the name of the Ladies Council Degree of Pocahontas Improved Order of Red Men. Hunting grounds of Jacksonville Reservation Illinois which the location of the lake and name well implies.—But if we should do honor to any one, there is a man in that vicinity who has sacrificed the beauty of almost his entire farm to the deluge of water and is forced to live on a pinnacle away back almost surrounded by water. Therefore I think it would be well to call it Lake Hodges.

John M. Hurst.

DURBIN.

Miss Opal Dugger is at Our Savior's hospital and submitted to an operation Friday morning to relieve injuries sustained when a buggy upset throwing her and her companion out.

Mrs. Louise Ebrey has returned home after having spent several days in Jacksonville with her mother.

The W. F. M. S. will hold an all day meeting with Mrs. Sadie Darley on Wednesday, February 4th.

Roy Smith is ill at Champaign and Floyd Smith is ill at Jacksonville.

John Whalen, Mr. and Mrs. Pinkerton, Mrs. Harmon are all recovering from illness.

"WHERE TO GET IT"

If for any reason you are unable to get "Cainson Flour" from your grocer, telephone 240, either phone, and a sack will be delivered to your door by Cain Mills.

COLLEGE OF MUSIC

Miss Louise Miller, a graduate and former teacher of the college has returned to take the place left vacant by Mrs. Martmann's resignation. She will be welcomed by her many friends in the city.

Miss Helen Ayers sang a solo at Centenary church Sunday morning and Miss Mary Rose Adams sang at Grace church.

Joseph Bonnett, the French master organist who will play here next Friday evening, gave a recital in Chicago Tuesday evening which aroused the enthusiasm of the critics. They unite in calling him the "Wizard of the Organ' and agreeing that apparently there are no heights either of technic or of musicianship which he does not reach. The program for Bonnet's recital here has been received and is magnificent.

PAIGE

The Most Beautiful Car in America

The Car That Fulfills All Promises

The sense of satisfaction in owning a seven-passenger Paige Essex "Six-55" is two-fold.

Primarily, of course, the owner of a Paige Essex is gratified because his good judgment in choosing it is confirmed by the car's sterling qualities of reliability, sturdiness and luxurious comfort.

But there is an added satisfaction in owning the Essex because of its impressive appearance. It has all the distinctive beauty of higher priced cars, and none of the expensive disadvantages.

As a practical vehicle, free from the burden of excessive "upkeep," the Paige-Essex is given quite general preference among cars of seven-passenger size.

Essex, Six-55; Larchmont, Six-55; Glenbrook, Six-42. Complete Line of Enclosed Cars.

THE OLDEST SERVICE TO AUTOMOBILE OWNERS IN AMERICA

WHITE HALL NEWS NOTES OF INTEREST

Committee Lists Graves of Veterans Not Provided With Government Headstones — Native Armenan Describes Conditions in Home Land — Other News Items.

White Hall, Jan. 31.—A permanent organization of the American Legion Post at Roodhouse will be effected next Tuesday night, and it is anticipated that the membership will be in the neighborhood of two hundred. G. L. Berry is the adjutant.

G. R. Adams, adjutant of the G. A. R., post; R. B. Pearce, secretary of the White Hall Soldiers' Monument Association, and Ora Brown, custodian of the White Hall cemetery, visited the cemetery today and listed the graves of thirty soldiers that should be provided with government headstones if the necessary war records can be traced out in each case. J. W. Campbell will make a list in the High Street cemetery and Eugene Hudson in the Walkerville cemetery. The number of graves of soldiers that have been thus neglected is disgraceful. Byron Terhune reports one unmarked soldier's grace in the old White Hall cemetery. This latter cemetery is the one that the city council will be importuned to abondon and convert the grounds into a children's playgrounds.

Dr. H. A. Ignatius, who has been here for six months as private phyisician to George E. McClay, has completed his engagement and has gone to Chicago. Dr. Ignatius formed lasting friendships during his stay here, and he will likely return from time to time. He is a native Armenian, and recent reports from his home country have been discouraging. Last week he received word that his sister had been murdered by Turks, she being the last of the doctor's family there, the doctor and a brother escaped to America ten years ago under the most harrowing circumstances, and here they have become educated in medicine. The brother will probably return to Armenia soon, but Dr. H. A. thinks it needless for both to go. Dr. Ignatius' departure removes a strong advocate of local plans for the establishment of a hospital. He had been working on the subject in connection with the women's clubs for the past few months, and it will also be considered by the ministerial association at the weekly conference next Monday. Dr. Ignatius says he will continue in touch with these forces with a wilingness to do all in his power to aid such a necessary institution as a hospital here, or, as he terms it in his addresses and writings, a home of health. In a recent address in the M. E. church he said: "Give your body a fair chance. Why don't you give your body an up-to-date chance to be strong and efficient. You run your business in accordance with up-to-date methods.. No old-fashioned, superannuated way of doing things will be tolerated about the premises; everything and everybody is up to the minute. That is the first mile in business. Your up-to-date automobile has an up-to-date chauffeur and the best gasoline. How about your corpmobile? Your body is a machine, your stomach is a carburetor, food is the fuel, and the colon is the exhaust pipe. When your motor misses fire or back-fires, your learn what is the matter and remove the cause. You keep your motor up to the hgh watermark of efficiency, but you let yourself down thru abuse and neglect until you are only half efficient, undecided, headachy, irritable, no pep, sleeplessness, everything going wrong. Why not learn how to live? That is why, my friends, I will fight until you get a hospital where you can learn how to live. This is the second mile of joy and happness."

CONSERVATORY NOTES

The proceeds of the mid-winter concert, which is to be given next Tuesday evening, February 3 in State Street church, will be added to the Illinois College Endowment fund. It is therefore hoped that a large audience will be present. The following program will be given:

Program.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Increased Every Day. Plan Is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day." —John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

BABY NAMED LYDIA E.

Because Her Mother Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"I could not write all my thanks for your blessed medicine, Lydia E. Pinkham's Vegetable Compound. I was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."—Mrs. KATHERINE KURZBACKER, 1086 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound.

The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

ILLINOIS COLLEGE NOTES

The Day of Prayer for colleges will be observed at Illinois College next Thursday, February 5th. Dr. John T. Thomas, pastor of the First Presbyterian Church of Springfield, will deliver an address at the chapel exercises Thursday morning at 9:30. Dr. Thomas has the reputation of being a very eloquent speaker. Friends of the College are cordially invited to attend the chapel exercises.

The student Y. M. C. A. and Y. W. C. A. are planning for a joint meeting at 7:00 o'clock Thursday evening in connection with the Day of Prayer. Dr. Thomas will also give a short talk to the students at that time.

Subscriptions to the College Endowment Fund are continually being received. Mrs. Sarajane Matthews Brown, chairman of the committee representing the Conservatory graduates, recently sent an appeal to the graduates of that department with the result that several Conservatory alumnae have sent in subscriptions. A graduate of the Athenaeum recently sent Mrs. Ensley Moore, chairman of the Athenaeum committee, a check for $500 for the College Fund. Several subscriptions have also been received from New York Alumni as a result of the banquet held recently in that city. The Endowment Committee especially appreciated a subscription from a Jacksonville business man who without solicitation, sent a check stating that he wanted to be represented in the movement.

Miss Mary Alexander '19 has accepted a position in the Palatine High School, at Palatine, Illinois. Karl B. Hill '18, who is with a Shipping company in the East, is expecting to sail for Shanghai, China within the next few days. Everett Whisler '20 and Franklin Scott '22 have been teaching in the Griggsville High School for the past week as substitute teachers. Edgar Decker ex '21 of Washington University is spending the week end with friends in the city.

Among other ex-students who are in the city for the week end are Lucille Bennett ex '22 and Paul Brickey ex '23.

ILLINOIS WOMAN'S COLLEGE NOTES

The college club met in the social room of the college Saturday afternoon. Mrs. Sherwood Eddy talked to the members of the club and the students of the college upon the subject of her work in foreign lands. She also spoke at chapel Saturday morning telling of the work of the colleges in the near east.

Last Saturday night the members of Phi Nu society took advantage of the opportunities for real sport which are offered by our gymnasiums. After a picnic supper the evening was spent in swimming and games.

The Freshmen had charge of the Y. W. C. A. services Sunday. Beth Pollock being the leader. The topic was "China" and native life there.

Examinations began Wednesday and lasted until Saturday. A great many girls, who are through early, are leaving to spend the week end at their homes.

Miss Ruth Stanwood, physical director, is spending the week end in Chicago.

Mrs. Roberts, Mrs. Elmore, Misses Dorothy Trinkham Gladys Elmore, of Delavan were guests of the college last week end.

Miss Knopf is exhibiting one of her pictures, "The Village Street, Provincetown," with the twenty-fourth annual exhibition of the Chicago Society of Artists, which opened at the Chicago Art Institute on Thursday.

The exhibition of American Paintings will open at the college on February 13 . Following the plans observed in previous exhibitions the students in the public schools have been invited to visit the exhibition free of charge, and Superintendent Perrin is co-operating with Miss Knopf in making out a schedule for classes.

Miss Knopf will give an illustrated lecture on American painting to college students on February 10.

The college library is in receipt of a number of books from the estate of Mrs. Susan Butler of Brighton, Ill. These will be added to the other gifts that have been coming in recently.

The second semester opens Monday, February 2. A number of new students have already registered and a number of others are expected at the college. In all the departments new classes will be available.

Owing to the unusual demand for the swimming pool, classes will be continued thru the entire second semester, beginning next week. The plan has been not to have the pool used during the month of February, but demand for its privileges has changed the ruling.

George R. Atherton of Minneapolis is visiting his wife and children, who are guests at the college.

A splendid write up of the recital now being given by Joseph Bonnet, the great organ virtuoso, appeared in the Thursday morning edition of the Chicago Tribune. Mr. Bonnet's program has been received by Director Pearson and is now in the hands of the printer. Music experts say it is the strongest program that has ever been given in the city.

"ONLY ONE THING BREAKS MY COLD!

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unfailing effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn old colds and onrushing new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and $1.20. All druggists.

Stubborn Bowels Tamed

Positive in action, yet natural, comfortable, pleasant, Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c. a bottle.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Menthol ized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand or can easily get it for you.

Seven a day for seven days. Wonderful results.

EXPERIENCE COUNTS

When you have a bicycle that needs repairing, you want the work done by one who understands the business. I have had more than sixteen years of experience in all kinds of repair work. I know how it should be done. My work always give satisfaction.

Church Services Today

Grace Methodist Episcopal Church, Thos. H. Tull, pastor—Sunday School 9:30 a. m., T. V. Hopper, superintendent. 10.45 morning worship. Theme of sermon, "The Greatest Investment." 6:30 p. m. Epworth League. Miss Dorothy Cannon, leader. Miss Lillian Groves will conduct the mission study class. The book chosen for study is "New Life Currents in China." No more interesting study could be chosen at this time. All our young people are urged to attend each League meeting and get the benefit of this program. The lessons will cover a period of eight weeks. 7:30 evening worship. Theme of sermon: "The Divine Guest Chamber". Morning anthem: "Fear Not O Israel"—Spicker. Evening anthem: "Soft as the Voice"—Scott." Prof. Harry Ward Pearson, organist and choirmaster. Quite a large number attended the mid-week meeting last week. An opportunity for enrollment in the various classes will be given next Sunday morning. Every member of the church should be in one of these classes.

Congregational Church of Jacksonville, W. Ernest Collins, minister—At 9:30 the church school with a fully graded curriculum. At 10:45 morning worship; music by chorus choir; children's talk. "An Angel of Mercy"; morning sermon, "A Full Orbed Gospel." Christian Endeavor at 6:30. Community Forum at 7:30. Speaker, John Lugg of Monmouth, a brilliant speaker. Subject, "Some Old Fashioned Things." In this community of homes and children, of American ideals and progressive life, this church is peculiarly fitted to meet the religious needs of such a community. To those who believe in the social implications of the Gospel of Jesus Christ and who desire to join hands in the great fight for righteousness, truth and justice, this church opens its doors and in the name of Jesus of Nazareth bids them welcome.

Centenary M. E. Church, D. V. Goudy, pastor—9:30 a. m. Sunday School, A. C. Metcalf, superintendent. 10:45 morning worship and sermon by the pastor. 6:30 Epworth League service. 7:30 evening worship and sermon by the pastor.

Trinity Episcopal Church—Fourth Sunday after Epiphany. Early service in the rectory 7:30. Owing to putting in furnace—not yet finished—there will be no other service Sunday. Monday, Auxiliary will meet with Mrs. Floyd Brown, 1142 West State street at 3 o'clock. Paper by Mrs. Paul Thompson. Guild will not meet this week. J. F. Langton, rector.

First Baptist Church, A. A. Todd, pastor—Sunday School 9:30 a. m., Supt. Carl Weber. Special program in Intermediate and Adult department. Public worship 10:45 a. m. and 7:30 p. m. Sermon topic: "Life's Battle and Heaven's Crown" and "The Exalted Life." Junior Union 3 p. m. Leader, Miss Laura White. B. Y. P. U. 6:30 p. m. Topic: "What Does Our Pledge Require?" Usual services at Baptist Chapel. Mid-week service Wednesday 7:30 p. m.

Second Baptist Church, Pastor H. H. DeWitt—Sunday services: 11 a. m. subject, "Service Admits of no Divided Allegiance"—Mat. 6:24. Evening theme, "The Missing Link in Life's Woven Chain"—Luke 12:20. 2:30 p. m. Bible School. Anticipating your presence at our church home we desire to say in advance that you will receive a generous welcome.

Mt. Emory Baptist Church, E. A. Crockett, pastor—The services today will be as follows: 11:00 sermon-subject, "A Baptist and Why?". The pastor wishes all of those who are to be baptized to be present and hear this sermon. 2:30 Sunday School. 6:00 p. m. the rite of baptism will be performed. 7:30 p. m. reading the church covenant, fellow-shipping the new members and serving the Lord's Supper. The public is invited.

First Church of Christ Scientist—Services are held at 523 W. State street on Sunday at 11 a. m. and on Wednesday at 8 p. m. Subject, "Love." Sunday School is at 9:30 a. m. The reading room is open each week day from 3 to 5 p. m. The public is invited to attend the services and to visit the reading room.

Brooklyn M. E. Church, G. W. Randle, pastor; J. H. Reid, S. S. superintendent. Sunday School at 9:30 o'clock. A special illustrated sermon to the school at 10:45 a. m. on "The Christian Soldier." The boys and girls are asked to bring their Bibles. Sunday will be "Honor Day." Epworth League services at 6:30. Victory Sheppard, leader. The pastor will present chapters two and three in the Mission Study Book, "New Life Currents in China." Everybody is welcome at this service. Members of the class will bring text books and note books. Subject of evening sermon at 7:30, "A Meeting With God." The reorganized choir, under direction of Billy Liter will sing at the morning service. Subject of the mid-week meeting will be, "Prayer and God's Care for the Individual."

Salem Evangelical Lutheran Church, East College street, Rev. J. G. Kuppler, pastor. Septuagesima. Sunday School at 9:30 a. m. Public worship in English at 10:30 a. m. and 7:30 p. m. Subject of evening service, "Idolotry." A cordial welcome to all. The Ladies' Aid will meet with Mrs. Chr. Heinze, 839 North Church street Thursday. The L. W. C. will meet Thursday evening at the school.

State Street Presbyterian Church, W. H. Marbach, pastor—T. M. Tomlinson, Sunday School superintendent. Mrs. W. Barr Brown, director of choir. A warm welcome, helpful services, and good music is yours for the taking. If this is the church of your choice, plan to attend Sunday School and at least one church service. Services at the usual hours. At the morning service of worship at 10:45 o'clock the pastor will preach the first of a series of sermons on "The Lord's Prayer." The young people will observe the annual "Christian Endeavor Day" at their 6:45 o'clock service. Come and bring your friend.

Westminster Presbyterian Church, Edward B. Landis, pastor—Sunday School at 9:30 a. m. Classes for all. W. J. Brady, superintendent. Preaching service at 10:45 a. m. and at 7:30 p. m. C. E. will meet at 6:45 p. m. Leader, Lorna Carpenter. Prayer meting Wednesday evening at 7:30 at the home of Prof. and Mrs. Rayhill, 232 Westminster street. George Guthrie, leader. Welcome to all services.

McCabe M. E. church—M. L. Hickey, pastor. Preaching morning and evening by the pastor. Sunday school 12:30 p. m. Mrs. Nina Robinson, supt. We are on the home stretch for the conference. eW are urging all to pay up their Centenary subscriptions. Our rally was successful and we stand practically clear of debt. All are welcome.

Central Christian church—M. L. Pontius, minister. Bible school at 9:30 a. m. C. L. Mathis, supt. Morning worship at 10:45. Theme of the sermon "The Dignity of Man." At the evening worship at 7:30 o'clock the sermon will be upon the subject: "Christianity's Challenge to Young Men." The Senior Endeavor will observe Endeavor Day at their regular meeting at 6:30 p. m. Intermediate Endeavor led by Miss Gladys Ruyle at 6:30 and Junior C. E. meeting at the same hour lead by Miss Helen Harey. A cordal invitation is extended to all not worshipping elsewhere.

The Wallis Cub Tractor
America's Foremost, Represents
Farm Power in Its Simplest Form

It is true that the farmer is familiar with machinery and also that he is a good mechanic, understanding and capable of handling an engine much better than the average man.

But for that very reason he knows that all things being equal, a simple, dependable machine requiring least repair and adjustment is the most economical and easy to handle and that the upkeep expense is apt to be much lower than with the complicated and crude construction.

The Wallis designers were aware of this. They were perfectly familiar with farm problems and knew exactly the conditions which a tractor is required to meet.

Hence, the Wallis is a very simple piece of machinery. Any boy can understand its principles—can drive it and make all necessary minor adjustments.

CAN MAKE IMMEDIATE DELIVERY
This will be the greatest year in the world's history for the universal use of the tractor. The demand will be enormous and many are due to be disappointed. Factories cannot possibly make required deliveries.

CALL, WRITE OR PHONE US NOW
for full particulars about the finest tractor made for general farm use, and don't overlook the fact that we are distributors for the Chandler and Cleveland cars and are prepared to make deliveries.

Supplies and Accessories, Tires, Etc.—We carry a complete line of the best and positively cannot be undersold on quality goods.

Child Birth
(BULLETIN NO. 9)
Herewith is a picture of James Le Roy Cunningham, taken at eight months of age — actual weight twenty-five pounds.
This boy is representative of the kids delivered in the Obstetrical Department of the New Home Santarium. He was born the New Way—Natural Way.
His mother was relieved of the pains — which make child birth a dreaded burden — when it is in reality the most sublime act of human endeavor.
This mother was able to leave the bed within six to twelve hours—able to be up and around the next day.
For the past five years at the Sanitarium this method has been used and by it, a great number of women have been delivered and not one has ever experienced the least unpleasant after effects. Yet sixty-two per cent of them were lacerated (torn) more or less, forty-four per cent were normal, two per cent high forceps, eighteen per cent low forceps. These last two conditions due to primipara (first birth). Yet by immediate surgical repairs—these mothers made complete and rapid recoveries. I should not say recoveries because they were not sick. You say "That is awful to get them up so soon"—Yes, to anyone who does not know—or has lost faith in nature it seems awful. Remember only **habit** and **custom** control the man who never thinks.

Obstetrics is one of the most ancient professions. When Cain was born there was no physician to make Eve lie in bed and possibly contract infection, get weak and, thru inactivity, cause the cells and organs to become clogged with body waste, etc. The Bible and Greek writers tell of the Obstetric Chair—and it is used by many races of the far east today. We—yes, I mean "we" who are slaves to habit and custom—would resolve never to have another child under such conditions. What would you say had you lived during the age when the mothers of Sparta—to test the worthiness of their babies to live—would throw them into the river Styx and if the child sank the mother would thank the gods for not allowing such unworthy off-spring to live—but if it survived she thanked them for such a worthy child. It is needless to say that the Greek population did not grow very rapidly, yet to mention this practice to any Greek patriot will call forth the story of how 300 selected Greek soldiers defied and held back Xerxes and his 1,000,000 Persian soldiers for three days at Thermopoli. Then, too, only a few years ago, we could see the old granny sitting in the corner smoking her pipe, red rag around the head, the expectant mother raging with pain, pulling the ropes, etc., waiting for Nature to take her course. No antiseptics, no repairs of lacerations, no reseting of womb, no care of the baby's eyes, and yet you who throw up your hands in holy horror, during those times accepted that kind of service as all right. (Habit and custom).

Thanks to evolutionary development of our present day civilization—custom and habit are being side tracked for progress and efficiency. The whole medical profession, just a few years ago, was startled and amazed at the advancement made in mid-wifery by V. Steinbushel in 1902 and Kronig and his assistants in 1907 in the development of the "Twilight Sleep" method of delivery.

Our modification of the Twilight Sleep, as practiced at The New Home Sanitarium, deserves your most careful consideration. Seventy-five per cent of the pains, aches and diseases of the mothers past thirty are due to errors, and ignorance practiced during child birth and the lying in period.

No **mother**—no matter how convenient and fine your home may be—treats herself or child with safety and justice who fails to go to a hospital for confinement. There is no exception. We gladly give to the profession or expectant mothers any information on this subject that we can. It will pay you to inspect our Obstetrical Department.

ANNUL MARRIAGE ON CHILDLESS GROUNDS

Milan, Jan. 20.—The annulment of a marriage has been obtained here solely on the grounds that it was childless. This decision is expected to be followed by numerous applications for annulment on similar grounds, for there is no divorce in Italy.

The action of the tribunal is endorsed by the Italian press as a whole, and the socialists have gone so far as to prepare a measure for the introduction into the chamber proposing that marriages shall be compulsorily annulled if no children result from them.

SERGEANT ALVIN YORK ILL

Worchester, Mass., Jan. 30.—Sergeant Alvin C. York, hero of the World War who is touring the United States in behalf of the Alvin C. York Foundation to found and maintain a school in the mountain section of the South, was today forced to cancel his tour indefinitely owing to an attack of appendicitis. He was stricken after his lecture in Boston Tuesday night. He spoke at the Rotary luncheon here yesterday. He will not be operated on immediately, but if able will go directly to his home in Pall Mall, Tenn.

MEN SUPPLANT MAIDS.

Chicago, Jan. 30.—Men supplanted maids as house servants at the Young Women's Christian Association Hotel today. A shortage of house maids forced employment of men said Mrs. J. M. Sharp, a matron of the hotel, who declared the substitution proved very satisfactory.

Mrs. Sharp expressed the opiinon that "general substitution of house men for house maids is the only solution of the servant problem," and added:

"I got fifteen replies within 24 hours in answer to an ad."

TANK STEAMER BREAKS IN TWO

New York, Jan. 30.—The American tank steamer Mielero from Matanzas, Cuba, January 23, for Philadelphia, broke in two and sank at sea, according to a wireless mesage here today by the naval communication service. One boat with the chief officer and 17 men has been picked up by the steamer Ozette and another boat with the captain and 22 men s still missing.

H. C. L. HITS FACULTY UNIVERSITY OF CALIFORNIA

Berkeley, Calif., Jan. 29.—President J. P. Barrows, of the University of California announced today a special conference of the regents of the university has been called to consider steps to retain more than a dozen faculty members now considering lucrative offers from colleges and business institutions. Dr. Barrows said the university must meet increased salaries offered by eastern institutions.

FLU SHOWS INCREASE IN NEW YORK CITY

New York, Jan. 29.—Another increase in influenza and pneumonia cases in New York tomorrow was predicted by Health Commissioner Copeland who declared that the "peak" of the epidemic would not be reached for a number of days. New influenza cases reported today totalled 4,706, a decrease of 883 from yesterday. Pneumonia cases reported totalled 649, a decrease of 37. There were 100 influenza deaths, an increase of 33 and 136 from pneumonia, an increase of eighteen.

IMPORTS FOR DECEMBER

Washington, Jan. 30.—Food stuffs imports in December amounted to nearly double the value brought in during December, 1918, while exports of foodstuffs were $30,000,000 below the total for the same month a year ago, according to figures made public today by the department of commerce.

OPEN RECLAIMED LAND

Washington, Jan. 30.—Approximately 5,000 acres of public land on the Shoshone, Wyoming, irrigation project will be opened to entry March 13 Secretary Lane announced today. Application for water rights will be received from March 6 to 18, inclusive, at the office of the reclamation service, Rowell, Wyo.

ANNOUNCEMENT
I hereby announce myself a candidate for commissioner in road district No. 7 at the election to be held April 6th, 1920.
LEE ADAMS.

IMPORTANT STOCKS TAKE A DROP

(By Associated Press.)

NEW YORK, Jan. 31.—Industrial stocks of the more representative classes gave promise of extending recent gains at the outset of today's brief session, steels and equipments again pointing the way with perceptible improvement in rails and shippings.

General Motors made an extreme reversal of ten points, ending with a net loss of 6¾.

Baldwin Locomotive, leader of recent markets, also forfeited its further advance and Republic Iron seemed to be the objective of a lively short interest. United States Steel lost only a fraction but oils and the numerous specialties that follow the course of motors closed mostly at moderate recessions. Sales amounted to 350,000 shares.

The most significant feature of the clearing house statement was another decrease—$29,324,000—in actual loans and discounts, making a total contraction of about $127,000,000 in the first month of the new year.

Actual reserves made up only a part of last week's decrease, but left the total excess at about $23,000,000 as against the recent deficit of almost 3,000,000.

Following its course of the preceding days of the week, the bond market lost additional ground. Liberty and foreign issues displaying a further heaviness. Total sales (par value) aggregated $8,750,000.

BULLS PREDOMINATE CORN MARKET

(By Associated Press.)

CHICAGO, Jan. 31.—Reports that cultivated acreage would be smaller in 1920 owing to dissatisfaction of farmers had a bullish effect today on the corn market. The close was firm, ¼c to 2c net higher, with May $1.35⅞ to $1.36 and July $1.32½ to $1.32⅝. Oats gained ⅛@¼ to ⅜c. In provisions, the outcome ranged from 10c decline to 42c advance.

Buying of corn received an evident stimulus from widespread notice taken of predictions that serious curtailment of acreage this spring might be looked for in view of rural economic unrest. Transactions in settlement of the January delivery totalled about 1,000,000 bushels and during the wind-up something of a flurry was witnesesd, with last prices at the highest level of the season. One St. Louis holder realized on 365,000 bushels.

Oats were firmer with corn, but owing to seaboard re-selling lost part of the advance.

Provisions averaged higher in consequence of upturns in the value of hogs and grain and despte big deliveries of lard.

Chicago Grain Market

CHICAGO, Jan. 31.—Corn—No. 4 mixed $1.46½@$1.48; No. 5 mixed $1.45@$1.45½; No. 6 mixed $1.43½$1.44; No. 3 yellow $1.51½; No. 4 yellow $1.47@$1.48½; No. 5 yellow $1.45@$1.46½; No. 6 yellow, $1.44; No. 3 white $1.52; No. 4 white $1.49@$1.50; No. 5 white $1.46; No. 6 white $1.44@$1.46.
